November 30, 2023

**To: The Village President, Members of the Village Board of Trustees, and
Citizens of the Village of Gilberts, Illinois.**

Illinois State Law requires that all general-purpose local governments publish a complete set of financial statements within six months of the close of the fiscal year. These financial statements must conform to Generally Accepted Accounting Principles (GAAP), and be audited in accordance with generally accepted accounting standards by Certified Public Accountants licensed by the State of Illinois. It is with pleasure that the Annual Comprehensive Financial Report (ACFR) for the Village of Gilberts, Illinois is presented for the year ended April 30, 2023.

The 2023 ACFR complies with the new financial reporting model developed by the Governmental Accounting Standards Board (GASB) and is intended to provide additional information not previously available in the Village's financial statements.

The ACFR consists of the Village of Gilberts management staff's representations concerning the finances of the Village. Management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management has continued to focus on the internal controls that are designed to protect the Village's assets from loss, theft or misuse and to compile sufficiently reliable information for the preparation of the Village's financial statements in conformity with GAAP.

Management continues to revise processes, implement internal controls, and establish new financial policies that allow us to provide reasonable controls within our means in order to prepare financial statements that are free of any material misstatements. Management asserts that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Fiscal Management

Annually the Village adopts a budget that defines its legal spending authority. Departments submit requests to the Village Administrator so that a budget may be prepared. The requested budget document is prepared by fund, function, and activity. The budget is presented to the Village Board for review. The Village Board holds a public hearing and adjusts the requested budgeted amounts to reflect anticipated operations and capital spending for the delivery of services offered by the Village. The Village's budget is adopted no later than April 30th, the close of the preceding fiscal year.

The Village of Gilbert's financial statements have been audited by Sikich, LLP, a firm licensed by the State of Illinois as certified public accountants with specialization in local government accounting. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Village of Gilberts are free from material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures shown in these financial statements; assessing the accounting principles and significant estimates used; and evaluating the overall financial statement presentation. In addition, the auditors prepared a list of management comments which outline areas where the Village management can further improve internal controls and accounting procedures. The administration, along with the finance department, appreciates and welcomes the auditors' recommendations for internal control improvement and looks forward to executing their recommendations.

Fiscal Report

The independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion that the Village of Gilberts' financial statements for the fiscal year ended April 30, 2023, are fairly presented in conformity to GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The financial reports are presented in accordance with the GASB reporting model requirements. GAAP require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of a Management Discussion and Analysis (MD&A). This letter of transmittal will not repeat the financial overview and analysis which is provided in the MD&A, but encourages the reader to review this important section of the financial statements for a comprehensive overview and analysis of how the Village has fared over the last fiscal year.

Village Profile

The Village of Gilberts was platted in 1855 and incorporated in 1890 and has a population of 8,366 at the 2020 census. The Village is located in Kane County and governed by a Village President and Board of Trustees. The Village's policies are set by the Village President and the Village Board. The Village Administrator is responsible for implementing the policies and directives of the Village President and the Village Board.

The Village provides a full range of services. Gilberts' public safety activities include police protection and a neighborhood watch program. Public works provides street and right-of-way maintenance and repair, as well as building maintenance, and park maintenance. Water service includes a treatment plant, sanitary sewer service and a sanitation treatment plant. These functions are included in the Water and Sewer enterprise fund.

The Village also assists with various community events within the Village's departmental program budgets. These include the annual Easter Egg Hunt, Halloween Bonfire, Movies in the Park, and Community Days celebration. In addition, the Village is accountable for the Gilberts Police Pension Fund, managed by a legally separate Board, and four Special Service Areas which are administered by independent Trustees (Wells Fargo and Amalgamated Bank of Chicago).

Economic Condition and Outlook

The Village continues to maintain a tenuous financial position with slow revenue growth. This trend has been evident over the last several years and results mainly from the increased emphasis on infrastructure improvements, slow residential growth, and the lack of new revenue sources.

During the current year the Village had slight increases in property taxes and increases in Intergovernmental revenues. Telecommunication revenue again declined slightly with the decrease in residential land lines. Actual General Fund revenues exceeded final adjusted budget due to a slight increase in building related revenues.

Financial Planning and Relevant Financial Policies

During the budget cycle, the Village Board reviewed the current Fund Balance/Net Position Policy as it pertains to Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This policy establishes a minimum level at which the projected end-of-year fund balance/net position must observe as a result of the constraints imposed upon the resources reported. The Village Board set a fund balance target of no less than three months and no more than six months of operating expenditures. This will assist in providing available funds for any shortfalls in revenue and/or any unanticipated large expenditures.

Major Initiatives

New Development

In the Conservancy project, development continues with 58 new single-family home permits being issued. Additionally, in Gilberts Town Center duplex lots have continued construction with the issuance of 4 permits in that development.

Comprehensive Plan

Teska Associates, Inc was retained by the Village to assist is in the process of reviewing and modifying its comprehensive plan. Teska is facilitating a review of the current comprehensive plan, engaging the public with surveys of what they would like Gilberts' vision to be moving forward as well as working with a steering committee comprised of residents, board members and staff. The completion of the comprehensive plan is expected within the 2023 calendar year.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Gilberts for our Annual Comprehensive Financial Report (ACFR) for the fiscal year ended April 30, 2022. This was the twelfth consecutive year the Village received such a prestigious award.

A Certificate of Achievement is valid for one year. We believe that this current report also meets the requirements of the Certificate of Achievement Program, and we are submitting it to the GFOA to determine its eligibility for a certificate. It is our hope that the Village of Gilberts' Finance Department staff will continually meet the level of excellence required to be granted this award for many years in the future.

In addition to the Certificate of Achievement for Excellence in Financial Reporting, the Village of Gilberts also received an Award for Outstanding Achievement in Popular Annual Financial Reporting for our Popular Annual Financial Report (PAFR) for the fiscal year ended April 30, 2022. The is the eleventh year the Village has earned this award.

The GFOA awards Certificates of Achievement for Excellence in Financial Reporting for ACFRs and PAFRs to those government entities who publish easily readable and efficiently organized reports. These reports must satisfy both generally accepted accounting principles and applicable legal requirements.

Acknowledgements

The preparation of this report, and the confidence with which it is presented, would not have been possible without the dedicated services of the Finance staff and our independent auditors Sikich, LLP.

In closing, we would also like to thank the President and the Board of Trustees, and all department heads for their support in maintaining the highest standards of professionalism in the management of the Village's finances.

INDEPENDENT AUDITOR'S REPORT

The Honorable President
Members of the Board of Trustees
Village of Gilberts, Illinois

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Gilberts, Illinois (the Village), as of and for the year ended April 30, 2023, and the related notes to financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Gilberts, Illinois as of April 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

The Village adopted new accounting guidance, GASB Statement No. 87, *Leases*, during the year ended April 30, 2023. The implementation of this guidance resulted in changes to the reporting of lease receivables, deferred inflows of resources and the related notes to the financial statements (see Notes 11 and 12 for additional information). Our opinion is not modified with respect to this matter.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under these standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Village and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the schedule of changes in the employer's total OPEB liability and related ratios for the fiscal years ended April 30, 2019 through April 30, 2021 that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statement in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section, supplemental schedules and statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2023 on our consideration of the Village's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable President
Members of the Board of Trustees
Village of Gilberts, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Gilberts, Illinois (the Village) as of and for the year ended April 30, 2023, and the related notes to financial statements, which collectively comprise the Village's basic financial statements, and have issued our report thereon dated November 30, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Village's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Village's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Village's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Sikich LLP

Naperville, Illinois

**GENERAL PURPOSE EXTERNAL
FINANCIAL STATEMENTS**

VILLAGE OF GILBERTS, ILLINOIS
Management's Discussion and Analysis
April 30, 2023

Our discussion and analysis of the Village of Gilberts' financial performance provides an overview of the Village of Gilberts' financial activities for the fiscal year ended April 30, 2023. Please read it in conjunction with the Village of Gilberts' transmittal letter and the financial statements.

FINANCIAL HIGHLIGHTS

- During the year, the General Fund reported revenues in excess of expenditures by \$1,807,013 due primarily from higher than anticipated collections in from certain tax revenues, such as sales and use taxes as well as income taxes. The General Fund reported an ending fund balance of \$7,605,769, an increase of 7.15% or \$507,485.
- Operating revenues for the year for business-type activities totaled \$1,776,786. Operating expenses (including GAAP items) totaled \$2,233,588 this results in a total operating deficit of \$456,802. In the prior year the business-type activities reported an operating deficit of \$100,664.
- Total net position for governmental and business-type activities increased \$1,272,243 compared to the prior year, with total net position at April 30, 2023 of \$66,050,994.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net position and the Statement of Activities provide information about the activities of the Village of Gilberts as a whole and present a longer-term view of the Village of Gilberts' finances. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Village of Gilberts' operation in more detail than the government-wide statements by providing information about the Village of Gilberts' most significant funds. The remaining statements provide financial information about activities for which the Village of Gilberts acts solely as a trustee or agent for the benefit of those outside of the government.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the Village of Gilberts' finances, in a matter similar to a private-sector business. The Statement of Net Position reports information on all of the Village of Gilberts' assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position.

Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Village of Gilberts is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the Village of Gilberts' property tax base and the condition of the Village of Gilberts' infrastructure, is needed to assess the overall health of the Village of Gilberts.

The Statement of Activities presents information showing how the Village's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

VILLAGE OF GILBERTS, ILLINOIS
Management's Discussion and Analysis
April 30, 2023

USING THIS ANNUAL REPORT – Continued

Government-Wide Financial Statements – Continued

Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave). Both of the government-wide financial statements distinguish functions of the Village of Gilberts that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Village of Gilberts include general government, public safety, public works, and parks and recreation. The business-type activities of the Village of Gilberts include waterworks and sewerage operations.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village of Gilberts, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village of Gilberts can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Village of Gilberts' near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Village of Gilberts maintains six individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Motor Fuel Tax, TIF #2 and Road Improvement Funds, which are considered major funds. Data from the other three governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The Village of Gilberts adopts an annual appropriated budget for the General Fund. The Village also prepares a working budget to monitor day-to-day operations.

VILLAGE OF GILBERTS, ILLINOIS
Management's Discussion and Analysis
April 30, 2023

USING THIS ANNUAL REPORT – Continued

Proprietary Funds

The Village of Gilberts maintains only one proprietary fund, an enterprise fund. Enterprise funds are used to report the functions presented as business-type activities in the government-wide financial statements. The Village of Gilberts utilizes an enterprise fund to account for its water and wastewater utility operations. The proprietary fund financial statements provide financial information for the Utility Fund, which is considered to be a major fund of the Village of Gilberts.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village of Gilberts' own programs. The basis of accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Village of Gilberts' employee pension obligations and the budgetary comparison schedule for the General Fund. The combining statements referred to earlier in connection with non-major governmental funds and internal service funds are presented immediately following the required supplementary information on pensions.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government’s financial position. The following tables show that in the case of the Village of Gilberts, assets/deferred outflows exceeded liabilities/deferred inflows by \$66 million.

	Net Position							
	Governmental Activities		Business-Type Activities		Totals

The Village of Gilberts’ investment in capital assets (for example, land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding is the largest portion of the Village’s net position at 83% of total net position. The Village of Gilberts uses these capital assets to provide services to citizens. Because these assets are physical improvements, they cannot be liquidated and are not available for future spending. Although the Village of Gilberts’ investment in its capital assets is reported net of related debt, other sources are needed to repay outstanding debt since the capital assets themselves cannot be liquidated to cover these liabilities.

VILLAGE OF GILBERTS, ILLINOIS
Management's Discussion and Analysis
April 30, 2023

USING THIS ANNUAL REPORT – Continued

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Net position of the Village's governmental activities had an increase from the prior year due to an increase in revenues and slight decreases in expenses for the year. Revenues for the governmental activities totaled \$8.8 million which is an 18% increase from the prior year due to higher general revenues along with higher amounts of property taxes, income taxes and sales and uses taxes. Expenses for the governmental activities totaled \$8.1 million and increased from the prior year by 17% mainly due to larger capital outlays in the Road Improvement funds. Expenses for governmental activities included \$1,100,718 of depreciation expense.

Net position of the business-type activities increased by two percent or \$364,378 from the prior year. Revenues for the business-type activities totaled \$1.8 million along with expenses for the business-type activities of \$2.3 million which includes \$557,889 of depreciation expense.

Revenues for the Village as a whole totaled \$11,468,252 compared to \$9,306,891 in the prior year, while expenses for the Village as a whole totaled \$10,196,009 compared to the prior year of \$8,894,106.

Governmental Activities

Revenues for governmental activities this year were \$8,849,907. The cost of all governmental activities this year was \$7,942,042. The largest percentage of governmental expenses was to fund highways and streets activities (56% or \$4.5 million of the total expenses for the governmental activities).

The following table graphically depicts the major revenue sources of the Village of Gilberts. The graph depicts very clearly the reliance of intergovernmental revenues, property taxes and charges for services to fund governmental activities. It also clearly identifies the smaller percentage the Village of Gilberts receives from utility taxes and other revenue sources. Except for property taxes, there was a small decline in most categories.

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Governmental Activities – Continued

The ‘Expenses and Program Revenues’ Table identifies those governmental functions where program expenses greatly exceed revenues. For fiscal year 2023, the largest area where expenses exceeded program revenues was in the public safety function and was 98 percent. There were nominal changes over the two-year period in all categories except General Government.

Business-Type Activities

Revenues for the business-type activities totaled \$1,776,786 for the year, while expenses totaled \$2,253,967 for the year (including depreciation expense of \$557,889). The following chart ‘Expenses and Program Revenues – Business-Type Activities’ shows operating expenses exceeding operating revenue for the business-type activities. Excluding depreciation expense, revenues exceeded expenses by \$101,087.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Village uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the governmental funds reported combined ending fund balances of \$14.9 million, which is an increase of \$0.7 million from last year's total of \$14.2 million. The majority of this increase was due to slight increases in taxes and other revenues.

The General Fund reported an ending fund balance of \$7,605,769, an increase of 7.15% or \$507,485. This increase was due to lower expenditures and higher revenue than anticipated. Ending unassigned fund balance in the General Fund of \$4,301,576 represents 91% or approximately 11 months of operating expenditures.

The TIF #2 Fund, also a major fund, reported an increase of \$90,824 in fund balance, resulting in an ending fund balance of \$482,330. Fund balance is restricted for future qualifying TIF #2 expenditures. Revenues for the year totaled \$940,317, including \$939,558 in incremental taxes. Expenditures in the fund totaled \$849,493, which are predominantly made up of principal and interest costs on the 2014 Tax Increment Revenue Note A and the 2021 issuance of Note B. Both are on the same repayment schedule and these notes are scheduled to be repaid on November 1, 2034.

The Road Improvement Fund, also a major fund, reported a decrease of \$1,538,332 in fund balance resulting in an ending fund balance of \$2,831,695. Fund balance is restricted for future qualifying Road Improvement Fund expenditures. Revenues for the year totaled \$557,423. The General Obligation debt is scheduled to be repaid by December 15, 2036. Expenditures in the fund of \$2,345,755 were predominately made up of a road resurfacing program undertaken by the Village to resurface roads in two subdivisions.

The Motor Fuel Tax Fund, also a major fund reported revenues of \$447,126; \$75,558 of this was sixth and final installment received for Rebuild IL projects. Expenses for road salt of \$48,624 and Rebuild IL projects of \$14,460 equal the total expenses in this fund of \$63,084.

Proprietary funds

The Village's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail.

The Village reports the Utility Fund as a major proprietary fund. This fund accounts for the provision of potable water and wastewater treatment services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations and maintenance, financing and related debt service, billing and collection.

VILLAGE OF GILBERTS, ILLINOIS
Management’s Discussion and Analysis
April 30, 2023

FINANCIAL ANALYSIS OF THE GOVERNMENT’S FUNDS – Continued

Proprietary funds – Continued

The Utility Fund net position increased by two percent from the prior year or \$364,378.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Village made one amendment to the original budgeted expenditures for the General Fund to reflect the spending of the Village more accurately. General Fund actual revenues for the year totaled \$6,559,249 compared to final budgeted revenues of \$5,750,911 (including budgeted fund balance). The major portion of this increase was due to higher than anticipated intergovernmental revenues.

The General Fund actual expenditures and transfers out for the year were less than budgeted by \$932,752 (\$4,752,236 actual compared to \$5,684,988 final budgeted). The general government (\$174,449), public safety (\$136,159), public works (\$34,121), and parks and recreation (\$740) functions were all higher than budgeted expenditures due to increases in wages as well as substantial increases in building permits. Capital outlay expenditures were budgeted at \$583,250 for the year, with actual expenditures of \$444,002 mainly due to a couple of departments not needing to purchase anticipated items.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Village’s investment in capital assets for its governmental and business type activities as of April 30, 2023 was \$57.9 million (net of accumulated depreciation). This investment in capital assets includes land, land improvements, buildings and improvements, vehicles, machinery and equipment, park facilities, roads, sidewalks, and bridges.

	Capital Assets - Net of Accumulated Depreciation

	10,068,635	10,870,010	325,557	351,883	10,394,192	11,221,893		

Additional information on the Village’s debt can be found in Note 5 of the financial statements.

ECONOMIC FACTORS AND NEXT YEAR’S BUDGET AND RATES

The Village’s elected and appointed officials considered many factors when setting the fiscal year December 31, 2023 budget, tax rates, and fees that will be charged for its governmental and business-type activities. One of those factors is the economy. The Village is faced with a similar economic environment as many of the other local municipalities are faced with, including inflation, unemployment rates, and a slowing residential housing market. Budget expenditures for December 31, 2023 are expected to rise, however as the Village transitions to a calendar year fiscal cycle the December 31, 2023 budget is only eight months. As such revenues are budgeted at \$3.9 million and expenditures are budgeted at \$3.5 million in the General Fund.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Village of Gilberts’ finances for all those with an interest in the government’s finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to Office of the Finance Director, Village of Gilberts, 87 Galligan Road, Gilberts, IL 60136.

VILLAGE OF GILBERTS, ILLINOIS

NOTES TO FINANCIAL STATEMENTS

April 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Gilberts (Village), Illinois, incorporated in 1890, is a municipal corporation governed by an elected president and six-member Board of Trustees. The Village's major operations include police safety, highway and street maintenance and reconstruction, building code enforcement, public improvements, economic development, planning and zoning, water and sanitation and general administrative services.

The financial statements of the Village of Gilberts, Illinois (the Village) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Village's accounting policies are described below.

a. Reporting Entity

The Village is a municipal corporation governed by an elected board. As required by GAAP, these financial statements present the Village (the primary government). The Police Pension Fund has been included as a fiduciary component unit reported as a Pension Trust Fund.

Police Pension Employees Retirement System

The Village's police employees participate in Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's President, one elected by pension beneficiaries and two elected police employees constitute the pension board. The Village is obligated to fund all PPERS costs not funded by PPERS participants based upon actuarial valuations, which creates a financial burden on the Village. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels, which results in the PPERS being fiscally dependent upon the Village. PPERS is reported as a pension trust fund. PPERS does not issue a stand-alone financial report.

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Fund Accounting

The accounts of the Village are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds are maintained consistent with legal and managerial requirements.

Funds are classified into the following categories: governmental, proprietary and fiduciary.

Governmental funds are used to account for all or most of the Village's general activities and includes the collection and disbursement of restricted, committed or assigned monies (special revenue funds) and the funds restricted, committed or assigned for the acquisition or construction of capital assets (capital projects funds) and the funds restricted, committed or assigned for the servicing of long-term debt (debt service funds). The General Fund is used to account for all activities of the general government not accounted for in some other fund.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the Village (internal service funds). The Village has no internal service funds.

Fiduciary funds are used to account for fiduciary activities (e.g., assets held on behalf of outside parties, including other governments). The Village utilizes a pension trust fund which is generally used to account for assets that the Village holds in a fiduciary capacity. The Village utilizes custodial funds to account for funds received and restricted for debt service on the special service area (noncommitment) debt.

c. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Village. The effect of material interfund activity has been eliminated from these statements. Interfund services provided and used are not eliminated on these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (2) grants and standard revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The Village reports the following major governmental funds:

The General Fund is the Village's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The Road Improvement Fund, a capital projects fund, is used to account for activities associated with improvements to the roads within the Village.

The TIF #2 Fund, a capital projects fund, is used to account for activities associated with the redevelopment within the Tax Increment Financing District #2.

The Motor Fuel Tax Fund, a special revenue fund, is used to account for state shared motor fuel tax revenues that are legally restricted to maintenance and construction of streets, sidewalks, alleys, and traffic signals.

The Village reports the following major proprietary fund:

The Utility Fund accounts for the activities of the water and sewer utility.

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Government-Wide and Fund Financial Statements (Continued)

The Village reports the following fiduciary funds:

The Village reports a pension trust fund as a fiduciary fund to account for the Police Pension Fund. Custodial funds (Special Service Area #9, Special Service Area #15, Special Service Area #24 and Special Service Area #25) are used to account for special service area collection of taxes from benefited property owners for payment to the bondholders where the Village is acting in only an agent capacity.

d. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues and additions are recorded when earned and expenses and deductions are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Operating revenues/expenses include all revenues/expenses directly related to providing water services. Incidental revenues/expenses are reported as non-operating.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Village considers revenues to be available as they are collected within 60 days of the end of the current fiscal period except for sales tax and telecommunication taxes which are 90 days. Expenditures generally are recorded when a fund liability is incurred. However, debt service expenditures are recorded only when payment is due.

Property taxes, sales and use taxes, franchise taxes, licenses, interest and charges for services associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Village.

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Measurement Focus, Basis of Accounting and Financial Statement Presentation
(Continued)

The Village reports unearned/unavailable/deferred revenue on its financial statements. Unavailable/deferred revenues arise when a potential revenue does not meet both the measurable and available or earned criteria for recognition in the current period. Unearned revenues arise when resources are received by the Village before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Village has a legal claim to the resources, the unearned/unavailable/deferred revenue is removed from the financial statements and revenue is recognized.

e. Cash and Investments

Cash and Cash Equivalents

Cash and cash equivalents on the statement of net position are considered to be cash on hand, demand deposits, cash with fiscal agent. For the purpose of the proprietary funds "statement of cash flows," cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent and all highly liquid investments with an original maturity of three months or less.

Investments

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit and other nonparticipating investments are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased and all investments of the pension trust funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Village categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

f. Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, franchise taxes, leases, and grants. Business-type activities report utility charges as their major receivables.

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

g. Interfund Receivables/Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Advances between funds, if any, when reported in the fund financial statements, are offset by nonspendable fund balance in applicable governmental funds fund financial statements to indicate that they are not available for appropriation and are not expendable available financial resources.

h. Prepaid Items/Expenses

The cost of governmental fund-type prepaids are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the governmentwide and fund financial statements.

i. Capital Assets

Capital assets purchased or acquired with an original cost of \$10,000 or more, depending on asset class, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Village as a whole. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the general capital assets. Donated capital assets are capitalized at estimated acquisition value on the date donated.

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

i. Capital Assets (Continued)

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Assets	Years
Land improvements	15-20
Buildings and structures	10-45
Machinery and equipment	3-30
Infrastructure	20-50

j. Compensated Absences

The Village accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

k. Long-Term Obligations

In the government-wide financial statements and proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund financial statements. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

l. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

m. Fund Balance/Net Position

Governmental funds equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned or unassigned. Nonspendable fund balance is reported for amounts that are either not in spendable form or legally or contractually required to be maintained intact. Restrictions of fund balance are reported for amounts constrained by legal restrictions from outside parties for use for a specific purpose, or externally imposed by outside entities. Committed fund balance is constrained by formal actions of the Village Board of Trustees, which is considered the Village's highest level of decision-making authority. Formal actions include ordinances approved by the Village Board of Trustees. Assigned fund balance represents amounts constrained by the Village's intent to use them for a specific purpose. The authority to assign fund balance may be delegated to members of the management team by the Board through the approved fund balance policy of the Village. Any residual fund balance of the General Corporate Fund and any deficits in other funds, if any, is reported as unassigned.

The Village's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending the Village considers committed funds to be expended first followed by assigned and then unassigned funds.

In the government-wide and proprietary fund financial statements, restricted net positions are legally restricted by outside parties for a specific purpose. None of the restricted net position or restricted fund balance results from enabling legislation adopted by the Village. Net investment in capital assets represents the Village's investment in the book value of capital assets, less any outstanding debt that was issued to construct or acquire the capital asset. Unrestricted net position consists of net positions that do not meet the definition of restricted or net investment in capital assets.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

m. Fund Balance/Net Position (Continued)

In the General Fund, unrestricted fund balance targets should represent no less than three months and no more than six months of operating expenditures. For special revenue funds, the portion of fund balance derived from property taxes will be legally restricted. The remaining fund balance amount (restricted and/or committed) will be targeted at a minimum level of 25% of annual budgeted expenditures. No maximum or minimum is established for the capital projects funds; balances will be based on Board discretion.

n. Interfund Transactions

Interfund services transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except interfund services transactions and reimbursements, are reported as transfers.

o. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities and deferred inflows and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

2. DEPOSITS AND INVESTMENTS

The Village and pension funds categorize the fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. There are no investments subject to fair value measurement at April 30, 2023.

The Village maintains a cash and investment pool that is available for use by all funds, except the pension trust fund. Each fund's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the Village's funds. The deposits and investments of the pension trust fund are held separately from those of other funds.

2. DEPOSITS AND INVESTMENTS (Continued)

Permitted Deposits and Investments - Statutes authorize the Village to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services and The Illinois Funds. Pension funds may also invest in certain non-U.S. obligations, mortgages, veteran's loans, life insurance company contracts, money market mutual funds and common and preferred stocks.

The Illinois Public Treasurers' Investment Pool, known as The Illinois Funds, operates as a qualified external investment pool in accordance with the criteria established in GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, and thus, reports all investments at amortized cost rather than fair value. The investment in The Illinois Funds by participants is also reported at amortized cost. The Illinois Funds does not have any limitations or restrictions on participant withdrawals. The Illinois Treasurer's Office issues a separate financial report for The Illinois Funds which may be obtained by contacting the Administrative Office at Illinois Business Center, 400 West Monroe Street, Suite 401, Springfield, Illinois 62704.

a. Deposits

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. To guard against custodial credit risk for deposits with financial institutions, the Village's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, with the collateral held by the Village, an independent third-party, or the Federal Reserve Bank in the Village's name.

b. Investments

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the Village limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for short and long-term cash flow needs while providing a reasonable rate of return based on the current market.

The Village limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in securities issued by agencies of the United States Government that are implicitly guaranteed by the United States Government and external investment pools. However, the Village's investment policy does not specifically limit the Village to these types of investments. The Illinois Funds (money market funds) are rated AAAM by Standard & Poor's.

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

2. DEPOSITS AND INVESTMENTS (Continued)

b. Investments (Continued)

Concentration of credit risk is the risk that the Village has a high percentage of their investments invested in one type of investment. In order to limit its exposure to concentration of credit risk, the Village's investment policy requires diversification of investments to avoid unreasonable risk. Furthermore, concentration in short-term corporation obligations will not exceed 90% of the limit contained in Illinois law. At year end, the Village does not have any investments over 5% of the total cash and investments portfolio (other than investments issued or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investment pools and other pooled investments).

For an investment, custodial risk is the risk that, in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Village limits its exposure to custodial credit risk by utilizing an independent, third party institution, selected by the Village, to act as custodian for its securities and collateral. In addition, all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis. The Illinois Funds are not subject to custodial credit risk.

3. RECEIVABLES

a. Property Taxes

Property taxes for 2022 attach as an enforceable lien on January 1, 2022, on property values assessed as of the same date. Taxes are levied by December of the current year (by passage of a Tax Levy Ordinance). Tax bills are prepared by Kane County and issued on or about May 1, 2023 and August 1, 2023, and are payable in two installments, on or about June 1, 2023 and September 1, 2023. Property taxes which have been levied but are not due before the end of the fiscal year are recorded as receivable. The entire receivable is offset by deferred revenue as they are intended to finance the subsequent fiscal year. The allowance for uncollectible taxes has been stated at 1% of the tax levy, to reflect actual collection experience.

The 2023 tax levy, which attached as an enforceable lien on property as of January 1, 2023, has not been recorded as a receivable as of April 30, 2023, as the tax has not been levied by the Village and will not be levied until December 2023.

5. LONG-TERM DEBT

A summary of changes in long-term debt of the Village for the year ended April 30, 2023 is as follows:

a. Governmental Activities Long-Term Debt

Issue	Balances May 1	Issuances	Retirements/ Refunding	Balances April 30	Current Portion
General obligation bonds	\$ 4,090,000	\$ -	\$ 215,000	\$ 3,875,000	\$ 245,000
Tax increment revenue notes payable	6,312,685	-	559,300	5,753,385	-
Installment note payable	467,325	-	27,075	440,250	27,940
Unamortized bond premium	211,630	-	25,140	186,490	-
Compensated absences	30,521	43,115	6,104	67,532	13,506
Total OPEB liability	29,263	2,270	-	31,533	4,730
Net pension liability - IMRF	197,667	360,131	-	557,798	-
Net pension liability - SLEP	-	1,932	-	1,932	-
Net pension liability - Police	-	368,286	-	368,286	-
TOTAL GOVERNMENTAL LONG-TERM DEBT	\$ 11,339,091	\$ 775,734	\$ 832,619	\$ 11,282,206	\$ 291,176

For governmental activities, the General Fund makes payments on the compensated absences, the net pension liabilities, OPEB liability, and the installment notes payable. The General Fund and Road Improvement Fund make payments on the general obligation bonds. The TIF #2 Fund makes payments on the tax increment revenue note payable.

b. Business-Type Activities Long-Term Debt

Issue	Balances May 1	Issuances	Retirements/ Refunding	Balances April 30	Current Portion
IEPA loan payable	\$ 351,883	\$ -	\$ 26,326	\$ 325,557	\$ 26,836
Asset retirement obligation	480,000	-	-	480,000	-
Total OPEB liability	9,898	767	-	10,665	1,600
Compensated absences	1,022	13,141	204	13,959	2,792
Net pension liability - IMRF	112,108	204,248	-	316,356	-
TOTAL BUSINESS-TYPE ACTIVITIES LONG-TERM DEBT	\$ 954,911	\$ 218,156	\$ 26,530	\$ 1,146,537	\$ 31,228

For business-type activities, the Utility Fund makes payments on the compensated absences, the net pension liability, asset retirement obligation, the IEPA loan payable and the OPEB liability.

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

5. LONG-TERM DEBT (Continued)

c. Governmental Activities Bonds

The Village issues bonds to provide funds for the acquisition and construction of major capital facilities. General obligation alternate revenue source bonds provide for the collection, segregation and distribution of certain income taxes received by the Village for the payment of principal and interest on the alternate revenue source bonds. General obligation alternate revenue source bonds outstanding are as follows:

Issue	Fund Debt Retired by	Beginning Balances	Issuances	Retirements/ Refundings	Ending Balances	Current Portion
\$4,090,000 General Obligation Bonds (Alternate Revenue Source), Series 2021, due in annual installments of \$115,000 to \$305,000 plus interest at 2% through December 1, 2033.	Road Improvements	\$ 4,090,000	\$ -	\$ 215,000	\$ 3,875,000	\$ 245,000
TOTAL GOVERNMENTAL ACTIVITIES BONDS		\$ 4,090,000	\$ -	\$ 215,000	\$ 3,875,000	\$ 245,000

The Village issued \$4,090,000 General Obligation Bonds (Alternate Revenue Source), Series 2021 on August 24, 2021. The bond proceeds were recognized in the Road Improvements Fund. The balance outstanding on April 30, 2023 was \$3,875,000.

d. Installment Notes Payable

The Village enters into installment notes to provide funds for the acquisition of capital assets. Installment notes currently outstanding are as follows:

Issue	Fund Debt Retired by	Beginning Balances	Issuances	Retirements/ Refundings	Ending Balances	Current Portion
\$593,824 Installment Note Payable of 2017, due in annual installments of \$42,126 to \$503,371 including interest at 3.25% through May 9, 2029.	General	\$ 467,325	\$ -	\$ 27,075	\$ 440,250	\$ 27,940
TOTAL GOVERNMENTAL ACTIVITIES BONDS		\$ 467,325	\$ -	\$ 27,075	\$ 440,250	\$ 27,940

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

5. LONG-TERM DEBT (Continued)

e. Tax Increment Revenue Notes

The Village has issued tax increment revenue notes that are dedicated to the development of the Prairie Business Park through Interstate Partners and Higgins Road Industrial Park Conservation Area. The notes will be repaid only from the tax increment generated by the applicable tax increment financing district; therefore, no repayment schedule is available. The notes shall not be deemed to constitute an indebtedness or a loan against the general taxing powers or credit of the Village. Tax increment revenue notes currently outstanding are as follows:

Issue	Fund Debt Retired by	Beginning Balances	Issuances	Retirements/ Refundings	Ending Balances	Current Portion
\$7,100,000 Tax Increment Revenue Note A of 2014, due in annual installments equal to 90% of incremental property taxes received plus interest of 5%	TIF #2	\$ 5,336,200	\$ -	\$ 499,800	\$ 4,836,400	\$ -
\$1,210,885 Tax Increment Revenue Note B of 2021, due in annual installments equal to 90% of incremental property taxes received plus interest of 4.06%	TIF #2	976,485	-	59,500	916,985	-
TOTAL GOVERNMENTAL ACTIVITIES BONDS		\$ 6,312,685	\$ -	\$ 559,300	\$ 5,753,385	\$ -

f. Illinois Environmental Protection Agency (IEPA) Loans Payable

Issue	Fund Debt Retired by	Beginning Balances	Issuances	Retirements/ Refundings	Ending Balances	Current Portion
IEPA (L17-4866) Loan Payable of 2014 - due in semi-annual installments of \$16,495 including interest at 1.93% through April 10, 2034	General	\$ 351,883	\$ -	\$ 26,326	\$ 325,557	\$ 26,836
TOTAL GOVERNMENTAL ACTIVITIES BONDS		\$ 351,883	\$ -	\$ 26,326	\$ 325,557	\$ 26,836

VILLAGE OF GILBERTS, ILLINOIS

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

5. LONG-TERM DEBT (Continued)

h. Legal Debt Margin

Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes provides "...no municipality having a population of less than 500,000 shall become indebted in any manner or for any purpose, to an amount, including existing indebtedness in the aggregate exceeding 8.625% on the value of the taxable property therein, to be ascertained by the last assessment for state and county purposes, previous to the incurring of the indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the municipality's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979."

Assessed valuation - 2022 levy	<u>\$ 282,193,241</u>
Legal debt limit - 8.625% of assessed value	<u>\$ 24,339,167</u>
Amount of debt applicable to limit	
Installment notes payable	<u>440,250</u>
Total	<u>440,250</u>
Legal debt margin	<u>\$ 23,898,917</u>

i. No Commitment Debt - Special Service Area Bonds

Special service area bonds outstanding as of the date of this report totaled \$39,662,000. These bonds are not an obligation of the Village and are secured by the levy of annual tax on the real property within the special service area. The Village is in no way liable for repayment but is only acting as agent for the property owners in levying and collecting the tax and forwarding the collections to bondholders. Special service area bonds outstanding are comprised of the following as of April 30, 2023:

Special Service Area #9	\$ 9,823,000
Special Service Area #15	8,485,000
Special Service Area #24	8,279,000
Special Service Area #25	<u>13,075,000</u>
TOTAL	<u>\$ 39,662,000</u>

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

5. LONG-TERM DEBT (Continued)

j. Pledged Revenue

The Village has pledged a portion of future income tax revenues and motor fuel tax revenues to repay the remaining principal and interest on the General Obligation Alternate Revenue Source Bonds issued in 2021. The pledged revenues are projected to be sufficient to meet debt service requirements over the life of the bonds. Total principal and interest remaining on the bonds is \$4.482 million, payable through 2036. For the current year, principal and interest paid totaled \$322,022, while total income tax and motor fuel tax was \$1,673,122.

k. Asset Retirement Obligations

The Village has recognized an asset retirement obligation (ARO) and related deferred outflow of resources in connection with its obligation to seal and abandon various water wells at the end of their estimated useful lives in accordance with federal, state and/or local requirements. The ARO was measured using actual historical costs for similar abandonments, adjusted for inflation through the end of the year. The estimated useful lives of the water wells are 35 years.

6. INDIVIDUAL FUND DISCLOSURES

a. Transfers

Individual interfund transfers during the fiscal year ended April 30, 2023 were as follows:

	Transfers In	Transfers Out
General	\$ -	\$ 1,324,263
Road Improvements	250,000	-
Nonmajor governmental	1,074,263	-
TOTAL	\$ 1,324,263	\$ 1,324,263

Significant interfund transfers are as follows:

- \$1,073,363 transferred from the General Fund to the Capital Projects Fund (nonmajor governmental) to establish the fund and finance future capital projects.
- \$900 transferred from the General Fund to the Community Days Fund (nonmajor governmental) to finance various programs accounted for in the fund in accordance with budgetary authorizations.

6. INDIVIDUAL FUND DISCLOSURES (Continued)

a. Transfers (Continued)

- \$250,000 transferred from the General Fund to the Road Improvements Fund to cover road improvement related expenditures.

The transfers will not be repaid.

7. RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; employee health; and injuries to the Village's employees. In order to protect against these risks, the Village is a member of the Intergovernmental Personnel Benefit Cooperative and also purchases private insurance.

a. Intergovernmental Personnel Benefit Cooperative

The Village participates in the Intergovernmental Personnel Benefit Cooperative (IPBC). IPBC is a public entity risk pool established by certain units of local government in Illinois to administer most of the personnel benefit programs (primarily medical, dental and life insurance coverage) offered by these members to their officers and employees and to the officers and employees of certain other governmental, quasi-governmental and nonprofit public service entities.

IPBC receives, processes and pays such claims as may come within the benefit program of each member. Management consists of a board of directors comprised of one appointed representative from each member. The Village does not exercise any control over the activities of IPBC beyond its representation on the Board of Directors.

8. CONTINGENT LIABILITIES

a. Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the Village's attorney that resolution of these matters will not have a material adverse effect on the financial condition of the Village.

b. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the Federal Government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

9. DEFINED BENEFIT PENSION PLANS

The Village contributes to three defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer public employee retirement system; the Sheriff’s Law Enforcement Personnel Fund (SLEP), an agent multiple-employer defined benefit plan, both of which are administered by IMRF, an agent multiple-employer public retirement system; and the Police Pension Plan which is a single-employer pension plan. The benefits, benefit levels, employee contributions and employer contributions for all plans are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly. None of the pension plans issue separate reports on the pension plans. However, IMRF does issue a publicly available report that includes financial statements and supplementary information for the plan as a whole, but not for individual employers. That report can be obtained from IMRF, 2211 York Road, Suite 500, Oak Brook, Illinois 60523 or at www.imrf.org.

The table below is a summary for all defined benefit pension plans as of and for the year ended April 30, 2023:

	IMRF	SLEP	Police Pension	Total
Net pension liability	\$ 874,154	\$ 1,932	\$ 368,286	\$ 1,244,372
Deferred outflows of resources	407,899	10,531	1,713,771	2,132,201
Deferred inflows of resources	11,279	-	2,265,253	2,276,532
Pension expense	176,516	591	135,882	312,989

a. Plan Descriptions

Illinois Municipal Retirement Fund and Sheriff’s Law Enforcement Personnel

Plan Administration

All employees (other than those covered by SLEP) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

a. Plan Descriptions (Continued)

Illinois Municipal Retirement Fund and Sheriff’s Law Enforcement Personnel
(Continued)

Plan Membership

At December 31, 2022, IMRF and SLEP membership consisted of:

	Illinois Municipal Retirement	Sheriff’s Law Enforcement Personnel
Inactive employees or their beneficiaries currently receiving benefits	12	1
Inactive employees entitled to but not yet receiving benefits	17	-
Active employees	15	-
TOTAL	<u>44</u>	<u>1</u>

Benefits Provided

IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011 are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. Employees hired on or after January 1, 2011 are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

9. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Illinois Municipal Retirement Fund and Sheriff's Law Enforcement Personnel
(Continued)

Benefits Provided (Continued)

SLEP provides two tiers of pension benefits. Employees hired prior to January 1, 2011, are eligible for Tier 1 benefits. For Tier 1 employees, having accumulated at least 20 years of SLEP service and terminating IMRF participation on or after January 1, 1988, may elect to retire at or after age 50 with no early retirement discount penalty. SLEP members meeting these two qualifications are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 2.50% of their final rate of earnings, for each year of credited service up to 32 years or 80% of their final rate of earnings. For those SLEP members retiring with less than 20 years of SLEP service, the regular IMRF pension formula applies.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 50 (reduced benefits) or after age 55 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 2.50% of their final rate of earnings, for each year of credited service up to 30 years of service to a maximum of 75%.

SLEP also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

Contributions

Participating members are required to contribute 4.50% and 6.50% of their annual covered salary to IMRF and SLEP, respectively. The Village is required to contribute the remaining amounts necessary to fund IMRF and SLEP as specified by statute. The employer contribution rate for the fiscal year ended April 30, 2023 was 10.68% of covered payroll for IMRF. The employer contribution rate for the fiscal year ended April 30, 2023 was 0.00% of covered payroll for SLEP.

a. Plan Descriptions (Continued)

Illinois Municipal Retirement Fund and Sheriff's Law Enforcement Personnel
(Continued)

Actuarial Assumptions

The Village's net pension liability was measured as of December 31, 2022 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of the same date using the following actuarial methods and assumptions.

	Illinois Municipal Retirement	Sheriff's Law Enforcement Personnel
Actuarial valuation date	December 31, 2022	December 31, 2022
Actuarial cost method	Entry-age normal	Entry-age normal
Assumptions		
Inflation	2.25%	2.25%
Salary increases	2.85% to 13.75%	2.85% to 13.75%
Interest rate	7.25%	7.25%
Cost of living adjustments	3.25%	3.25%
Asset valuation method	Fair value	Fair value

For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

9. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Illinois Municipal Retirement Fund and Sheriff's Law Enforcement Personnel
(Continued)

Discount Rate

The discount rate used to measure the total pension liability for IMRF was 7.25% at December 31, 2022. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the IMRF's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments of 7.25% was applied to all periods of projected benefit payments used to determine the total pension liability.

The discount rate used to measure the total pension liability was 7.25% for SLEP at December 31, 2022. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, SLEP's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

Illinois Municipal Retirement Fund

For the year ended April 30, 2023, the Village recognized pension expense of \$176,516. At April 30, 2023, the Village reported deferred outflows of resources and deferred inflows of resources related to IMRF from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 156,980	\$ -
Changes in assumption	-	11,279
Net difference between projected and actual earnings on pension plan investments	212,126	-
Employer contributions after the measurement date	38,793	-
TOTAL	\$ 407,899	\$ 11,279

\$38,793 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ending April 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending April 30,	
2024	\$ 60,891
2025	79,801
2026	94,353
2027	122,782

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net pension liability (asset)	\$ 12,706	\$ 1,932	\$ (7,168)

Police Pension Plan

Plan Administration

Police sworn personnel are covered by the Police Pension Plan. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/3-1) and may be amended only by the Illinois legislature. The Village accounts for the plan as a pension trust fund.

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

9. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

Plan Administration (Continued)

The plan is governed by a five-member Board of Trustees. Two members of the Board of Trustees are appointed by the Village's Mayor, one member is elected by pension beneficiaries and two members are elected by active police employees.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Plan Membership

At April 30, 2023, the Police Pension Plan membership consisted of:

Inactive plan members receiving benefits	2
Inactive plan members entitled to benefits but not yet receiving benefits	2
Active plan members	9
 TOTAL	 13

Benefits Provided

The Police Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Tier 1 employees (those hired prior to January 1, 2011) attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

9. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

Benefits Provided (Continued)

Tier 2 employees (those hired on or after January 1, 2011) attaining the age of 55 or older with ten or more years of creditable service are entitled to receive an annual retirement benefit equal to the greater of the average monthly salary obtaining by dividing the total salary during the 48 consecutive months of service within the last 60 months in which the total salary was the highest by the number of months in that period; or the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Police officers' salary for pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3% compounded. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least ten years may retire at or after age 50 and receive a reduced benefit (i.e., ½% for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3% or ½ of the change in the Consumer Price Index for the proceeding calendar year. Benefits and refunds are recorded when due in accordance with the terms of the plan.

Contributions

Employees are required by ILCS to contribute 9.91% of their base salary to the Police Pension Plan. Contributions are recorded when due in accordance with statutory requirements. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. Benefits and refunds are recognized when due and payable in accordance with the terms of the Police Pension Plan. The costs of administering the Police Pension Plan are financed through investment earnings. The Village is required to contribute the remaining amounts necessary to finance the plan as actuarially determined by an enrolled actuary. Effective January 1, 2011, the Village has until the year 2040 to fund 90% of the past service cost for the Police Pension Plan. However, the Village has elected to fund 100% of the past service cost by 2040. For the year ended April 30, 2023, the Village's contribution was 44.32% of covered payroll.

9. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

Illinois Police Officers' Pension Investment Fund

The Illinois Police Officers' Pension Investment Fund (IPOPIF) is an investment trust fund responsible for the consolidation and fiduciary management of the pension assets of Illinois suburban and downstate police pension funds. IPOPIF was created by Public Act 101-0610 and codified within the Illinois Pension Code, becoming effective January 1, 2020, to streamline investments and eliminate unnecessary and redundant administrative costs, thereby ensuring assets are available to fund pension benefits for the beneficiaries of the participating pension funds as defined in 40 ILCS 5/22B-105. Participation in IPOPIF by Illinois suburban and downstate police pension funds is mandatory.

Deposits with Financial Institutions

The plan retains all of its available cash with one financial institution. Available cash is determined to be that amount which is required for the current expenditures of the plan. The excess of available cash is required to be transferred to IPOPIF for purposes of the long-term investment for the plan.

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the plan's deposits may not be returned to it. The plan's investment policy requires pledging of collateral for all bank balances held in the plan's name in excess of federal depository insurance, at amounts ranging from 110% to 115% of the fair market value of the funds secured, with the collateral held by an independent third party or the Federal Reserve Bank.

Investments

Investments of the plan are combined in a commingled external investment pool and held by IPOPIF. A schedule of investment expenses is included in IPOPIF's annual report. For additional information on IPOPIF's investments, please refer to their annual report. A copy of that report can be obtained from IPOPIF at 456 Fulton Street, Suite 402, Peoria, Illinois 61602 or at www.ipopif.org.

9. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

Fair Value Measurement

The plan categorizes fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The plan held no investments subject to fair value measurement at April 30, 2023.

Net Asset Value

The Net Asset Value (NAV) of the plan's pooled investment in IPOPIF was \$6,233,141 at April 30, 2023. The pooled investments consist of the investments as noted in the target allocation table available at www.ipopif.org. Investments in IPOPIF are valued at IPOPIF's share price, which is the price the investment could be sold. There are no unfunded commitments at April 30, 2023. The Plan may redeem shares with a seven calendar day notice. IPOPIF may, at its sole discretion and based on circumstances, process redemption requests with fewer than a seven calendar day notice. Regular redemptions of the same amount on a particular day of the month may be arranged with IPOPIF.

Investment Policy

IPOPIF's investment policy was originally adopted by the Board of Trustees on December 17, 2021. IPOPIF has the authority to invest trust fund assets in any type of security subject to the requirements and restrictions set forth in the Illinois Pension Code and is not restricted by the Pension Code sections that pertain exclusively to the Article 3 participating police pension funds. IPOPIF shall be subject to the provisions of the Illinois Pension Code including, but not limited to, utilization of emerging investment managers and utilization of businesses owned by minorities, women and persons with disabilities.

Investment Rate of Return

For the year ended April 30, 2023, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 0.65%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation performed as of April 30, 2023 using the following actuarial methods and assumptions.

Actuarial valuation date	April 30, 2023
Actuarial cost method	Entry-age normal
Asset valuation method	Fair value
Assumptions	
Inflation	2.50%
Salary increases	3.50% to 11.00%
Investment rate of return	6.50%
Cost of living adjustments	Tier-based, from 1.25% to 3.00%

Active mortality rates were based on the PubS-2010 Employee mortality, unadjusted, with generational improvements with most recent projection scale (currently Scale MP-2021). 10% of active deaths are assumed to be in the line of duty. Inactive mortality rates were based on the PubS-2010 Healthy Retiree mortality, adjusted by a factor of 1.15 for male retirees and unadjusted for female retirees, with generational improvements with most recent projection scale (currently Scale MP-2021). Beneficiary mortality rates were based on the PubS-2010 Survivor mortality, unadjusted for male beneficiaries and adjusted by a factor of 1.15 for female beneficiaries, with generational improvements with most recent projection scale (currently Scale MP-2021). Disabled mortality rates were based on the PubS-2010 Disabled mortality, adjusted by a factor of 1.08 for male disabled members and unadjusted for female disabled members, with generational improvements with most recent projection scale (currently Scale MP-2021).

9. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Police Pension Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments of 6.50% was applied to all periods of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability (asset) to changes in the discount rate. The table below presents the pension liability (asset) of the Village calculated using the discount rate of 6.50% as well as what the Village's net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (5.50%) or 1 percentage point higher (7.50%) than the current rate:

	1% Decrease (5.50%)	Current Discount Rate (6.50%)	1% Increase (7.50%)
Net pension liability (asset)	\$ 1,463,638	\$ 368,286	\$ (515,701)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended April 30, 2023, the Village recognized pension expense of \$135,882. At April 30, 2023, the Village reported deferred outflows of resources and deferred inflows of resources related to the Police Pension Fund from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 935,634	\$ 1,110,798
Changes in assumption	286,945	1,154,455
Net difference between projected and actual earnings on pension plan investments	<u>491,192</u>	<u>-</u>
TOTAL	<u>\$ 1,713,771</u>	<u>\$ 2,265,253</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to police pension will be recognized in pension expense as follows:

<u>Year Ending April 30,</u>	
2024	\$ 20,684
2025	(15,511)
2026	(5,481)
2027	(136,016)
2028	(205,278)
Thereafter	<u>(209,880)</u>
TOTAL	<u>\$ (551,482)</u>

10. OTHER POSTEMPLOYMENT BENEFITS

a. Plan Description

In addition to providing the pension benefits described, the Village provides postemployment health care benefits (OPEB) for retired employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the Village and can be amended by the Village through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the Village’s governmental and business-type activities.

b. Benefits Provided

The Village provides OPEB to its retirees and certain disabled employees. To be eligible for benefits, an employee must qualify for retirement under one of the Village’s retirement plans or meet COBRA requirements. All health care benefits are provided through the Village’s insured health plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental, nervous and substance abuse care; vision care; dental care; and prescriptions. Once reaching Medicare age, retirees are covered by a Medicare supplement plan as opposed to the Village’s active employee health plan. For certain disabled employees who qualify for health insurance benefits under the Public Safety Employee Benefits Act (PSEBA), the Village is required to pay 100% of the cost of basic health insurance for the employee and their dependents for their lifetime. All retirees contribute 100% of the actuarially determined premium to the plan to cover the cost of providing the benefits to the current members via the insured plan (pay-as-you-go) which results in an implicit subsidy to the Village.

c. Membership

At April 30, 2023, membership consisted of:

Inactive plan members currently receiving benefits	-
Inactive members entitled to benefits by not yet receiving them	-
Active plan members	<u>25</u>
 TOTAL	 <u>25</u>
 Participating employers	 <u><u>1</u></u>

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

10. OTHER POSTEMPLOYMENT BENEFITS (Continued)

d. Total OPEB Liability

The Village’s total OPEB liability of \$42,198 was measured as of April 30, 2023 and was determined by an actuarial valuation as of April 30, 2022.

e. Actuarial Assumptions and Other Inputs

The total OPEB liability at April 30, 2023, as determined by an actuarial valuation as of April 30, 2022 actuarial valuation, was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified. The total OPEB liability was rolled forward by the actuary using updating procedures to April 30, 2023, including updating the discount rate at April 30, 2023, as noted below.

Actuarial cost method	Entry-age normal
Actuarial value of assets	Not applicable
Inflation	2.50%
Salary increases	3.35%
Discount rate	4.14%
Healthcare cost trend rates	7.25% to 4.00% Ultimate

The discount rate was based on the index rate for tax-exempt general obligation municipal bonds rated AA or better at April 30, 2023. The discount rate at April 30, 2023 was 4.14 %.

The actuarial assumptions used in the April 30, 2023 valuation are based on 5% participation assumed and 50% are assumed to elect spousal coverage.

For all lives, mortality rates were PubG-2010 Mortality Tables projected to the valuation date using Projection Scale MP-2020.

VILLAGE OF GILBERTS, ILLINOIS

f. Changes in the Total OPEB Liability

	<u>Total OPEB Liability</u>
BALANCES AT MAY 1, 2022	\$ 39,161
Changes for the period	
Service cost	2,620
Interest	1,656
Differences between expected and actual experience	-
Changes in assumptions	(880)
Benefit payments	<u>(359)</u>
Net changes	<u>(3,037)</u>
BALANCES AT APRIL 30, 2023	<u>\$ 42,198</u>

Changes of assumptions related to a change in the discount rate from 3.98% to 4.14%.

g. Rate Sensitivity

The following is a sensitivity analysis of the total OPEB liability to changes in the discount rate and the healthcare cost trend rate. The table below presents the total OPEB liability of the Village calculated using the discount rate of 4.14% as well as what the Village total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.14%) or 1 percentage point higher (5.14%) than the current rate:

	1% Decrease (3.14%)	Current Discount Rate (4.14%)	1% Increase (5.14%)
Total OPEB liability	\$ 48,110	\$ 42,198	\$ 37,194

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

10. OTHER POSTEMPLOYMENT BENEFITS (Continued)

g. Rate Sensitivity (Continued)

The table below presents the total OPEB liability of the Village calculated using the healthcare rate of 4.00% to 7.25% as well as what the Village’s total OPEB liability would be if it were calculated using a healthcare rate that is 1 percentage point lower (3.00% to 6.25%) or 1 percentage point higher (5.00% to 8.25%) than the current rate:

	1% Decrease	Current Healthcare Rate	1% Increase
Total OPEB liability	\$ 36,545	\$ 42,198	\$ 48,931

h. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended April 30, 2023, the Village recognized OPEB expense of \$3,037. At April 30, 2023, there are no deferred outflows of resources and deferred inflows of resources to report as the alternative measurement method has been used.

11. LESSOR

In accordance with GASB Statement No. 87, *Leases*, the Village’s lessor activity is comprised of two cell tower leases that allow the lessees to have right-of-use access to the Village’s property. The monthly payments for the right-of-use access range from \$2,722 to \$4,760 with an imputed interest rate of 3.057% and 3.467%. The expiration dates for the agreements are March 31, 2034 to October 31, 2046.

12. CHANGE IN ACCOUNTING PRINCIPLE

For the fiscal year ended April 30, 2023, the Village implemented GASB Statement No. 87, *Leases*. With the implementation, the Village is required to record the beginning net position/fund balance of lease arrangements as lease receivables and deferred inflows of resources.

VILLAGE OF GILBERTS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

12. CHANGE IN ACCOUNTING PRINCIPLE (Continued)

The beginning fund balance of the General Fund has been restated to reflect the new guidance as follows:

GENERAL FUND

BEGINNING FUND BALANCE, AS PREVIOUSLY REPORTED	\$ 7,098,284
Recording of leases receivable	1,101,841
Recording of deferred inflow of resources	<u>(1,101,841)</u>
Total net restatement	<u>-</u>
BEGINNING FUND BALANCE, AS RESTATED	<u>\$ 7,098,284</u>

The beginning net position of the governmental activities has been restated to reflect the new guidance as follows:

GOVERNMENTAL ACTIVITIES

BEGINNING NET POSITION, AS PREVIOUSLY REPORTED	\$ 44,655,340
Recording of leases receivable	1,101,841
Recording of deferred inflow of resources	<u>(1,101,841)</u>
Total net restatement	<u>-</u>
BEGINNING NET POSITION, AS RESTATED	<u>\$ 44,655,340</u>

13. SUBSEQUENT EVENTS

In October 2023 the Village issued an ordinance providing for the issuance of Special Service Area #15 Special Tax Refunding Bonds, Series 2023 in order to refund the Special Service Area #15 Special Tax Bonds, Series 2005 not to exceed \$8,000,000.

Additionally, the Village passed an ordinance amending the fiscal year end. The fiscal year of the Village shall begin on January 1 in each year, and end on December 31 of each year, commencing on January 1, 2024, with December 31, 2023 being an eight-month stub year.

VILLAGE OF GILBERTS, ILLINOIS

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

April 30, 2023

1. BUDGETS AND BUDGETARY ACCOUNTING

Budgets are adopted on a basis consistent with GAAP. The legal level of control where expenditures may not exceed the budget is the fund level of activity. All annual budgets lapse at fiscal year-end.

All departments of the Village submit requests for budgets to the Finance Department so that a budget may be prepared. The budget is prepared by fund, function, and activity, and includes information on the past year, current year estimates and requested budgets for the next fiscal year.

The proposed budget is presented to the governing body for review. The Board holds public hearings and may add to, subtract from, or change budgeted amounts, but may not change the form of the budget.

Management is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board. Expenditures may not legally exceed budgeted appropriations at the fund level. During the year, supplementary appropriations were necessary.

2. EXCESS OF ACTUAL EXPENDITURE/EXPENSES OVER BUDGET IN INDIVIDUAL FUNDS

The following fund had expenditures in excess of budget:

Fund	Budget	Actual	Excess
General Fund	\$ 4,599,088	\$ 4,752,236	\$ 153,148
TIF #2 Fund	802,550	849,493	46,943
Community Days Fund	63,766	66,045	2,279

**COMBINING AND INDIVIDUAL FUND
FINANCIAL STATEMENTS AND SCHEDULES**

MAJOR GOVERNMENTAL FUNDS

General Fund - used to account for all financial resources except those accounted for in another fund.

TIF#2 Fund - used to account for activities associated with the redevelopment within the Tax Increment Financing District #2.

Motor Fuel Tax Fund - used to account for state shared motor fuel tax revenues that are legally restricted to maintenance and construction of streets, sidewalks, alleys and traffic signals.

Road Improvement Fund - used to account for activities associated with improvements to the roads within the Village.
