

VILLAGE OF GILBERTS

RESOLUTION 17-2022

A RESOLUTION AUTHORIZING APPROVAL OF AN AGREEMENT WITH WATER SURPLUS FOR THE REMOVAL AND REPLACEMENT OF WATER SOFTENER MEDIA IN AN AGGREGATE AMOUNT NOT TO EXCEED \$45,000

WHEREAS, the Village of Gilberts (“Village”) has a Public Works Department which maintains Village streets and other Village infrastructure, which includes the Village’s waterworks system; and

WHEREAS, the Village currently uses water softeners in the water production process; and

WHEREAS, the softener filtration media requires replacement; and

WHEREAS, adequate funds were included in the FY2023 Budget for the removal and replacement of the softener media for one of the three softeners as part of a multi-year replacement program; and

WHEREAS, the Public Works Department has utilized Water Surplus for years one and two of the softener medium removal and replacement program with satisfactory results.

THEREFORE, BE IT RESOLVED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF GILBERTS, ILLINOIS, as follows:

Section 1. **Recitals.** The recitals set forth above are hereby incorporated into and made a part of this Resolution as though set forth in this Section 1.

Section 2. **Approval; Authorization.** The Village Board of Trustees hereby authorizes the Village Administrator to execute agreements and other necessary documents with Water Surplus for the removal and replacement of water softener media in an aggregate amount not-to-exceed \$45,000.

Section 3. **Waiver of Competitive Bidding.** To the extent any competitive bidding requirements apply to the agreements with Water Surplus, such competitive bidding requirements are hereby waived pursuant to Section 8-9-1 of the Illinois Municipal Code (65 ILCS 5/8-9-1).

Section 4. **Effective Date.** This Resolution shall be in full force and effect after its approval in the manner provided by law.

PASSED BY VOTE OF THE BOARD OF TRUSTEES of the Village of Gilberts, Kane County, Illinois, this 3 day of May 2020.

Re: Service **Estimate**, Softener #2

Mr. Ruemelin,

WaterSurplus is pleased to offer an estimate for site services to complete a resin and gravel replacement to restore the Village of Gilberts Water Treatment Facility Filter #2 to near design criteria. The scope of services offered in this estimated quotation include supervision and labor for addition of resin in one pressure filter vessel. WaterSurplus will refill and condition the new resin and assist the village with sanitizing during initial regeneration. WaterSurplus will provide an experienced and qualified service engineer for the duration of the project.

Thank you for the opportunity to offer these services to the Village of Gilberts. Please feel free to contact WaterSurplus if you have any questions or comments on this information.

Regards,

Tim Hackbarth

I. LABOR AND TOOLS

During the resin replacement, personnel will use WaterSurplus provided tools, ladders, or scaffold, as necessary. Old/used media shall be disposed of by the Village of Gilberts. Workers will try to keep dust and dirt to a minimum but will not be responsible for accidental damages to non-essential equipment in or near the water treatment facility. The village will be expected to provide an operator and forklift during the loading of medias as needed. The village will need to supply 2 ½” fire hose long enough to get to the overhead door access, with a minimum of 40 psi and 40 gpm available.

II. MEDIA AND CONSUMABLES

WaterSurplus will install 320 cuft of cation resin and 90 cuft of gravel to one vessel. WaterSurplus will provide assistance to the village for sanitizing and conditioning the new resin. 320 cuft of Cation Exchange Resin and 90 cuft of replacement gravel will be shipped in bags wrapped on pallets to the site by WaterSurplus. The village will be expected to unload the pallets when they arrive and store them in a safe area. The material will be shipped approximately 30 days before the start of the project.

III. PRICING

Labor, expenses, and tools:	\$ 9,500.00
Shipping:	\$ 1,800.00
Resin, Gasket, and Consumables:	\$30,850.00
<hr/>	
Total:	\$42,150.00

Cost estimate will be firmed at time of order. Shipping will be billed at cost plus 10%

*Resin is currently received 100-120 days after order is placed

IV. NOTES & CLARIFICATIONS

- Consumables and expendables that have not been previously mentioned are not included in this scope and shall be provided under a separate contract, or by others.
- Clear Access – The client shall provide clear and safe access to all equipment and components as required to complete the service request. Labor and materials needed to gain clear and safe access shall be by the client.
- Vac Services are provided by others and are not subcontracted through WaterSurplus.
- Disposal – The client shall be responsible for the disposal of old resin, gravel, pallets, and trash generated from resin and gravel re-bedding.
- Water Testing – The client shall be responsible for all water and lab testing, including Bac-T sampling/testing.
- Schedule – The schedule for completion of the project is based on the assumption that all equipment, materials, chemicals and utilities are readily available for the noted service tasks. Client is responsible for a double regeneration of the vessel to be exchanged prior to the start of work.
- WaterSurplus does not offer or imply any guarantee or warranty on filter performance, operation, or existing parts or valves.
- Standard Business Hours – Quoted costs are based on work and travel being completed during standard business hours of Monday-Friday between 7:00AM-5:00PM, excluding Holidays.
- **This estimate is valid for 30 days. Shipping will be billed at cost plus 10%.**

V. TERMS

- Invoices shall be issued by WaterSurplus after material is delivered to the site and the services are completed.
- Payment terms are net 30 days from date of invoice.

VI. WARRANTY

No warranty is offered for these services.

VII. SCHEDULE

Date and Time is To Be Determined. Contact **Kevin Treptow** to schedule.
