Asphalt Driveway Repair Permit Requirement

<u>Asphalt Drive Repair</u>	<u>No Permit Required</u>	<u>Permit Required</u>
Seal Coating	X	
Asphalt Overlay (1)	X	
Asphalt Overlay (2)		X
Expansion or Change of Size		X
Replacement		X

(1) = Asphalt overlay requiring no cutting or removing of existing driveway, no cutting of street, no change in size or shape of driveway.

(2) = Asphalt overlay where cutting of street, cutting of existing driveway and removal of material, must be inspected for proper base compaction and material.

A building permit is required for all changes in size, changes of material or replacement. The applicant must submit a completed application form, submit a plat of survey showing dimensions of existing driveway and proposed changes. All contractors shall be registered with the Village of Gilberts. All associated permit fees paid.
