#### 6. ITEMS FOR APPROVAL

## A. Motion to approve Resolution 31-2014, a Resolution authorizing an agreement with Foley & Lardner LLP for TIF bond counsel services

Staff recommend approval of the resolution authorizing an engagement letter with Foley & Lardner LLP to provide bond counsel services related to the TIF note to be issued for Interstate Partners LLC. Interstate Partners asked for an opinion certifying that the TIF note would be tax exempt and the preparation of the tax exempt note and related approval documents. The cost of the firm's services is to not exceed \$35,000.00, which will be paid by Interstate Partners' escrow. Please contact me or Bond Counsel Laura Bilas with any questions or requests for additional documentation that might be needed at the meeting.

# B. Motion to approve Resolution 32-2014, a Resolution waiving competitive bidding requirements and authorizing an agreement between the Village of Gilberts and Phoenix & Associates to provide professional services for designing and constructing Gilberts Town Center Park Improvements

Staff recommend approval of this resolution authorizing an agreement with Phoenix & Associates to develop the Gilberts Town Center Park. The proposed contract takes a "design-build" approach, with Phoenix working with the Village to finalize the design of the park and then act as the general contractor for the completion of park improvements. The contract calls for the earthwork and completion of storm water management facilities needed to properly drain the site; construction of a "pony league" baseball diamond; installation of splash park improvements, required supporting utilities and playground equipment; construction of a concession/restroom building including related utilities, and expansion of the existing parking lot. Phoenix will direct and complete the earthwork, stormwater and utility improvements, while coordinating and supervising the work of the subcontractors working on specific elements like the splash pad, playground, and pavilion building.

The work will be supervised and inspected by Village Engineers from Baxter & Woodman and by Village Staff. The contract acknowledges the Village's expectation that substantial progress be made by September 1, with the project to be completed by December 1. The project scope sets a maximum cost to not exceed \$850,000.00, which was included in the FY 2015 budget.

Because state statute does not specifically allow for "design-build" contracts, the resolution includes a waiver of the competitive bidding process set forth in state statute. Therefore, the resolution will require two-thirds Village Board approval. Please contact me with any questions or requests for additional documentation that may be needed at the meeting.

## C. Motion to support Kane/Kendall Council of Mayors' decision to change functional Classifications of certain Roadways

Staff recommend approval of the letter supporting the Kane/Kendall Council of Mayors' decision to designate Mason Road, Capital Street and Alft Lane as "Federal Aid Urban" (FAU) routes. The FAU designation makes the named roads eligible for federal/state transportation funding and elevates their status as a collector route (between Randall and Tyrrell Roads) when competing for funding. Please contact me if additional information about KKCOM or FAU route designation will be needed at the meeting.

#### 7. ITEMS FOR DISCUSSION

Please contact me or President Zirk if there are any topics to be added for discussion at this meeting.

#### **Staff Reports**

Administrator Keller reported that Kane County Department of Transportation will be starting their resurfacing project which will include a portion of Big Timber Road from Rt. 72 to Randall Road. There will be temporary daily lane closures. The information regarding the resurfacing project has been posted on the Village's website, facebook page and Twitter account. Trustee Corbett inquired if Administrator Keller knew the hours in which KDOT would be working on the Big Timber project. Administrator Keller reported that KDOT's scheduled operational hours are 6:00 a.m.-6:00 p.m. Monday-Saturday for approximately two weeks weather permitting.

Administrator Keller reported that he had met with the new owner of Pub Rt. 72 Mr. Tom Trier. Mr. Trier expressed his desire to construct an outdoor patio in which patrons would dine and enjoy the pleasant weather. Mr. Trier provided Administrator Keller with a draft concept plan. Administrator Keller briefly discussed Mr. Trier's concept plan which would be a 3' raised screen deck. The proposed patio area would offer tables and chairs for dining and have an additional service bar. Trustee Mierisch inquired if this concept plan is different from the one Mr. Trier proposed several months ago. Administrator Keller noted that he did not recall all the details of the original draft concept plan.

President Zirk offered several comments and questions with respect to the operations of the proposed patio area. He questioned if the operating hours would be the same as the current establishment hours. He questioned if the intent of the proposed patio area was to serve as a beer garden or an outdoor dining area. President Zirk questioned what type of lighting was being considered. He also expressed concern about amplified noise levels and the effect it may have on the residential neighborhood directly adjacent to Mr. Trier's establishment. President Zirk encouraged all the Board Members to send their questions or comments to Administrator Keller's attention, so he can share the concerns with the Plan Commission prior to the public hearing.

Assistant Administrator Beith noted that the first movie night is scheduled for this Friday in Town Square Park.

Village Board Meeting Minutes June 10, 2014 Page 3

Assistant Administrator Beith reported that staff had received several calls with respect to the renewal of the electric aggregation program. Administrator Keller commented on the fact that unfortunately this renewal cycle the market is not offering the savings the Village experienced two years ago.

Finance Director Blocker reported that this year's audit was conducted by a new Lauterback & Amen Manager and a new team of auditors. She noted that the audit had proceeded efficiently and she anticipates receiving the draft audit by the end of next week.

President Zirk discussed a question Trustee Mierisch had with respect to the Bills & Salaries. She had questioned the payment of SSA legal fees. Finance Director Blocker had informed her that the payment of the SSA legal fees are reimbursed from either the developer's escrow or from the SSA funds.

Village Clerk Meadows thanked the Board Members for their support and assistance with the Community Days Festival. She went on to publicly thank the CERT's Members. She reported that the CERT Members had been a valuable asset during the Community Days Festival. Their assistance with the remote parking, waste removal, first aid and all the other services they provided through-out the four day event was noticed by all and greatly appreciated.

#### **Board of Trustee Reports**

The Board Members commended the Community Days Festival Committee for all their hard work. The Board Members concurred that the festival was very organized and well attended.

Trustee Farrell recognized the Public Works department for all their work behind the scene.

There was some discussion with respect to a medical incident on one of Windy City's rides. Windy City's staff was unaware that the Community Day's Committee had a CERT's Team present who would render first aid. However, management was aware of the presence of medical treatment personnel. Windy City Management and the CERT Members quickly resolved and treated the injured party.

#### **President's Report**

President Zirk reported that he had emailed out a list of his recommendations for Commission Members reappointments/appointments. President Zirk asked Board Members to email him any questions or comments they have on his recommendations. President Zirk's recommendations for the Commission Members reappointment/appointments will be placed on the next agenda.

Ray Keller Village Administrator Village of Gilberts 87 Galligan Road Gilberts, IL 60136

Re: Interstate Partners LLC TIF

Dear Ray:

Our Firm has been asked to serve as bond counsel in connection with the issuance by the Village of Gilberts, Illinois (the "Village") of its tax-exempt Tax Increment Allocation Revenue Note (the "Note") in favor of Interstate Partners LLC (the "Developer"). The purpose of this letter is to set forth our understanding of the services which we are to undertake and to state our fees for such services. Our client for this matter will be the Village and it is our understanding the Developer has engaged separate counsel to represent its interests.

Our services would include a review of the redevelopment agreement, the tax increment financing ordinances, tax analysis, preparation of the tax exempt note and appropriate closing documents including the tax-exemption agreement and note resolution or ordinance, and rendering an approving opinion with respect to the validity of the Note and the exclusion of the interest thereon from federal income taxes and the necessary due diligence review to render such opinion.

We estimate that our fees for the services outlined above as bond counsel will be in the range of \$25,000-\$30,000 and agree to cap such fees at \$35,000 assuming a financing which closes during calendar year 2014. Factors such as the contribution of other parties, the time required, the nature of any federal tax law questions involved, the manner in which the Note is sold and the complexity of any security and business covenants could affect the actual size of our fee. In the event that we encounter presently unforeseen complexities requiring substantial additional work on our part, we would discuss the fee arrangement with you. In addition to our fee, we will bill separately for all out-of-pocket expenses, such as photocopying, binding and courier services.

We understand our fees and expenses are to be paid by the Developer. However, the payment of our Firm's fees and expenses is not contingent upon the completion of the financing. In the event the financing fails to close for any reason, we would look to the Village and the Developer

Ray Keller June 10, 2014 Page 2

for payment of our actual time charges based on our published hourly rates and expenses to date not to exceed the fees set forth above.

Please confirm your approval of this arrangement by signing and returning a duplicate copy of this letter. If you have any questions, please let me know.

We look forward to working with you.

Very truly yours,

FOLEY & LARDNER LLP

  - 4. Taxes. Pay all applicable federal, state, and local taxes.
- 5. <u>Miscellaneous.</u> Do all other things required of Contractor by this Contract, including, without limitation, arranging for utility and other services needed for the Work and for testing, including the installation of temporary utility lines, wiring, switches, fixtures, hoses, connections, and meters, and providing sufficient sanitary conveniences and shelters to accommodate all workers and all personnel of Owner engaged in the Work.
- 6. Quality. Provide, perform and complete all of the foregoing in a proper and workmanlike manner, consistent with the highest standards of professional and construction practices and in full compliance with, and as required by or pursuant to, this Contract, and with the greatest economy, efficiency, and expedition consistent therewith, with only new, undamaged and first quality equipment, materials, and supplies.

# 1.2 Commencement and Completion Dates

Contractor shall commence the Work and shall diligently and continuously prosecute the Work at such a rate as will allow the Work to be fully provided, performed, and completed in full compliance with this Contract. The time of commencement, rate of progress, and time of completion are referred to in this Contract as the "Contract Time."

Contractor will ensure substantial completion of the Work by September 1, 2014, and final completion of the Work by December 1, 2014.

# 1.3 Required Submittals

- A. Submittals Required. Contractor shall submit to Owner all documents, data, and information specifically required to be submitted by Contractor under this Contract and shall, in addition, submit to Owner all such drawings, specifications, descriptive information, and engineering documents, data, and information as may be required, or as may be requested by Owner, to show the details of the Work, including a complete description of all equipment, materials, and supplies to be provided under this Contract ("Required Submittals"). Such details shall include, but shall not be limited to, design data, structural and operating features, principal dimensions, space required or provided, clearances required or provided, type and brand of finish, and all similar matters, for all components of the Work.
- <u>B.</u> <u>Number and Format.</u> Contractor shall provide three complete sets for each Required Submittal, as required by Owner and/or Engineer. All drawings shall be clearly marked in the lower right-hand corner with the names of Owner and Contractor.

Owner shall have the right to require such corrections as may be necessary to make such submittals conform to this Contract. All such submittals shall, after final processing and review with no exception noted by Owner, become a part of this Contract. Owner's review and stamping of any Required Submittal shall be for the sole purpose of examining the general management, design, and details of the proposed Work, shall not relieve Contractor of the entire responsibility for the performance of the Work in full compliance with, and as required by or pursuant to this Contract, and shall not be regarded as any assumption of risk or liability by Owner.

It is understood that the contract includes many features which will be completed through a "Design Build Process". It is further understood that Owner has allowed Contractor to commence certain portions of underground and due diligence work in order to provide the Owner with proper baseline information to complete the project. Record drawings will take into account any work rendered related to the Work.

<u>D.</u> <u>Responsibility for Delay.</u> Contractor shall be responsible for any delay in the Work due to delay in providing Required Submittals conforming to this Contract.

Contractor shall, at no increase in the Contract Price, provide workmanship, equipment, materials, and supplies that fully conform to this Contract. Whenever any equipment, materials or supplies are specified or described in this Contract by using the name or other identifying feature of a proprietary product or the name or other identifying feature or vendor, the specific item mentioned shall be understood as establishing the type, function and quality desired. Other manufacturers' or vendors' products may be accepted, provided that the products proposed are equivalent in substance and function to those named as determined by Owner in its sole and absolute discretion.

Contractor shall promptly notify Owner of any discrepancy, error, omission, ambiguity, or conflict among any of the provisions of this Contract before proceeding with any Work affected thereby. If Contractor fails to give such notice to Owner, then the subsequent decision of Owner as to which provision of this Contract shall govern shall be final, and any corrective work required shall not entitle Contractor to any damages, to any compensation in excess of the Contract Price, or to any delay or extension of the Contract Time.

When the equipment, materials, or supplies furnished by Contractor cannot be installed as specified in this Contract, Contractor shall, without any increase in the Contract Price, make all modifications required to properly install the equipment, materials, or supplies. Any such modification shall be subject to the prior review and consent of Owner.

#### 1.5 Conditions at the Work Site; Record Drawings

Contractor represents and warrants that it has had a sufficient opportunity to conduct a thorough investigation of the Work Site and the surrounding area and has completed such investigation to its satisfaction. Contractor shall have no claim for damages, for compensation in excess of the Contract Price, or for a delay or extension of the Contract Time based upon conditions found at, or in the vicinity of, the Work Site. When information pertaining to subsurface, underground or other concealed conditions, soils analysis, borings, test pits, utility locations or conditions, buried structures, condition of existing structures, and other investigations is or has been provided by Owner, or is or has been otherwise made available to Contractor by Owner, such information is or has been provided or made available solely for the convenience of Contractor and is not part of this Contract. Owner assumes no responsibility whatever in respect to the sufficiency or accuracy of such information, and there is no guaranty or warranty, either expressed or implied, that the conditions indicated are representative of those existing throughout the Work or the Work

Site, or that the conditions indicated are representative of those existing at any particular location, or that the conditions indicated may not change, or that unanticipated conditions may not be present.

Contractor shall be solely responsible for locating all existing underground installations by prospecting no later than two workdays prior to any scheduled excavation or trenching, whichever is earlier. Contractor shall check all dimensions, elevations, and quantities indicated in this Contract within the same time period as set forth above for prospecting underground installations. Contractor shall lay out the Work in accordance with this Contract and shall establish and maintain such locations, lines and levels. Wherever pre-existing work is encountered, Contractor shall verify and be responsible for dimensions and location of such preexisting work. Contractor shall notify Owner of any discrepancy between the dimensions, elevations and quantities indicated in this Contract and the conditions of the Work Site or any other errors, omissions or discrepancies which Contract may discover during such inspections. Full instructions will be furnished by Owner should such error, omission, or discrepancy be discovered, and Contractor shall carry out such instructions as if originally specified and without any increase in Contract Price.

Before Final Acceptance of the Work, Contractor shall submit to Owner two sets of Drawings of Record, unless a greater number is specified elsewhere in this Contract, indicating all field deviations.

# 1.6 Technical Ability to Perform

# 1.9 Safety at the Work Site

Contractor shall be solely and completely responsible for providing and maintaining safe conditions at the Work Site, including the safety of all persons and property during performance of the Work. This requirement shall apply continuously and shall not be limited to normal working hours. Contractor shall take all safety precautions as shall be necessary to comply with all applicable laws and to prevent injury to persons and damage to property.

Contractor shall conduct all of its operations without interruption or interference with vehicular and pedestrian traffic on public and private rights-of-way, unless it has obtained permits therefor from the proper authorities. If any public or private right-of-way shall be rendered unsafe by Contractor's operations, Contractor shall make such repairs or provide such temporary ways or guards as shall be acceptable to the proper authorities.

# 1.10 Cleanliness of the Work Site and Environs

Contractor shall keep the Work Site and adjacent areas clean at all times during performance of the Work and shall, upon completion of the Work, leave the Work Site and adjacent areas in a clean and orderly condition.

#### 1.11 Damage to the Work, the Work Site, and Other Property

The Work and everything pertaining thereto shall be provided, performed, completed, and maintained at the sole risk and cost of Contractor from the Commencement Date until Final Payment. Contractor shall be fully responsible for the protection of all public and private property and all persons. Without limiting the foregoing, Contractor shall, at its own cost and expense, provide all permanent and temporary shoring, anchoring and bracing required by the nature of the Work in order to make all parts absolutely stable and rigid, even when such shoring, anchoring and bracing is not explicitly specified, and support and protect all buildings, bridges, roadways, conduits, wires, water pipes, gas pipes, sewers, pavements, curbs, sidewalks, fixtures and landscaping of all kinds and all other public or private property that may be encountered or endangered in providing, performing and completing the Work. Contractor shall have no claim against Owner because of any damage or loss to the Work or to Contractor's equipment, materials, or supplies from any cause whatsoever, including damage or loss due to simultaneous work by others. Contractor shall, promptly and without charge to Owner, repair or replace, to the satisfaction of Owner, any damage done to, and any loss suffered by, the Work and any damage done to, and any loss suffered by, the Work Site or other property as a result of the Work. Notwithstanding any other provision of this Contract, Contractor's obligations under this Section shall exist without regard to, and shall not be construed to be waived by, the availability or unavailability of any insurance, either of Owner or Contractor, to indemnify, hold harmless, or reimburse Contractor for the cost of any repair or replacement work required by this Section.

## 1.12 Subcontractors and Suppliers

A. <u>Approval and Use of Subcontractors and Suppliers.</u> Contractor shall perform the Work with its own personnel and under the management, supervision, and

control of its own organization unless otherwise approved by Owner in writing. All subcontractors, suppliers, and subcontracts used by Contractor shall be acceptable to, and approved in advance by, Owner. Owner's approval of any subcontractor, supplier, and subcontract shall not relieve Contractor of full responsibility and liability for the provision, performance, and completion of the Work in full compliance with, and as required by or pursuant to, this Contract. All Work performed under any subcontract shall be subject to all of the provisions of this Contract in the same manner as if performed by employees of Contractor. Every reference in this Contract to "Contractor" shall be deemed also to refer to all subcontractors and suppliers of Contractor. Every subcontract shall include a provision binding the subcontractor or supplier to all provisions of this Contract.

B. Removal of Subcontractors and Suppliers. If any subcontractor or supplier fails to perform the part of the Work undertaken by it in a manner satisfactory to Owner, Contractor shall immediately upon notice from Owner terminate such subcontractor or supplier. Contractor shall have no claim for damages, for compensation in excess of the Contract Price, or for a delay or extension of the Contract Time as a result of any such termination.

# 1.13 Simultaneous Work By Others

Owner shall have the right to perform or have performed such other work as Owner may desire in, about, or near the Work Site during the performance of the Work by Contractor. Contractor shall make every reasonable effort to perform the Work in such manner as to enable both the Work and such other work to be completed without hindrance or interference from each other. Contractor shall afford Owner and other contractors reasonable opportunity for the execution of such other work and shall properly coordinate the Work with such other work.

## 1.14 Occupancy Prior to Final Payment

Owner shall have the right, at its election, to occupy, use, or place in service any part of the Work prior to Final Payment. Such occupancy, use, or placement in service shall be conducted in such manner as not to damage any of the Work or to unreasonably interfere with the progress of the Work. No such occupancy, use, or placement in service shall be construed as an acceptance of any of the Work or a release or satisfaction of Contractor's duty to insure and protect the Work, not shall it, unless conducted in an unreasonable manner, be considered as an interference with Contractor's provision, performance, or completion of the Work.

# 1.15 Owner's Right to Terminate or Suspend Work for Convenience

A. <u>Termination or Suspension for Convenience</u>. Owner shall have the right, for its convenience, to terminate or suspend the Work in whole or in part at any time by written notice to Contractor, provided that Contractor shall have the right to notice and cure for any deficiency prior to any such termination, as provided in Section 6.3 of this Contract. Every such notice shall state the extent and effective date of such termination or

suspension. On such effective date, Contractor shall, as and to the extent directed, stop Work under this Contract, cease all placement of further orders or subcontracts, terminate or suspend Work under existing orders and subcontracts, cancel any outstanding orders or subcontracts that may be cancelled, and take any action necessary to protect any property in its possession in which Owner has or may acquire any interest and to dispose of such property in such manner as may be directed by Owner.

B. Payment for Completed Work. In the event of any termination pursuant to Subsection 1.15A above, Owner shall pay Contractor (1) such direct costs, excluding overhead, as Contractor shall have paid or incurred for all Work done in compliance with, and as required by or pursuant to, this Contract up to the effective date of termination together with ten percent of such costs for overhead and profit; and (2) such other costs pertaining to the Work, exclusive of overhead and profit, as Contractor may have reasonably and necessarily incurred as the result of such termination. Any such payment shall be offset by any prior payment or payments and shall be subject to Owner's rights to withhold and deduct as provided in this Contract.

# ARTICLE II CHANGES AND DELAYS

# 2.1 Changes

Owner shall have the right, by written order executed by Owner, to make changes in the Contract, the Work, the Work Site, and the Contract Time ("Change Order"). If any Change Order causes an increase or decrease in the amount of the Work, an equitable adjustment in the Contract Price or Contract Time may be made. All claims by Contractor for an equitable adjustment in either the Contract Price or the Contract Time shall be made within two business days following receipt of such Change Order, and shall, if not made prior to such time, be conclusively deemed to have been waived. No decrease in the amount of the Work caused by any Change Order shall entitle Contractor to make any claim for damages, anticipated profits, or other compensation.

#### 2.2 Delays

- A. Extensions for Unavoidable Delays. For any delay that may result from causes that could not be avoided or controlled by Contractor, Contractor shall, upon timely written application, be entitled to issuance of a Change Order providing for an extension of the Contract Time for a period of time equal to the delay resulting from such unavoidable cause. No extension of the Contract Time shall be allowed for any other delay in completion of the Work.
- B. No Compensation for Delays. No payment, compensation, damages, or adjustment of any kind, other than the extension of the Contract Time provided in Subsection 2.2A above, shall be made to, or claimed by, Contractor because of hindrances or delays from any cause in the commencement, prosecution, or completion of the Work, whether caused by Owner or any other party and whether avoidable or unavoidable.

# ARTICLE III CONTRACTOR'S RESPONSIBILITY FOR DEFECTIVE WORK

# 3.1 <u>Inspection; Testing; Correction of Defects</u>

- A. <u>Inspection.</u> Until Final Payment, all parts of the Work shall be subject to inspection and testing by Owner or its designated representatives. Contractor shall furnish, at its own expense, all reasonable access, assistance, and facilities required by Owner for such inspection and testing.
- B. Re-Inspection. Re-inspection and re-testing of any Work may be ordered by Owner at any time, and, if so ordered, any covered or closed Work shall be uncovered or opened by Contractor. If the Work is found to be in full compliance with this Contract, then Owner shall pay the cost of uncovering, opening, re-inspecting, or re-testing, as the case may be. If such Work is not in full compliance with this Contract, then Contractor shall pay such cost.
- C. <u>Correction.</u> Until Final Payment, Contractor shall, promptly and without charge, repair, correct, or replace all or any part of the Work that is defective, damaged, flawed, or unsuitable or that in any way fails to conform strictly to the requirements of this Contract.

# 3.2 Warranty of Work

- A. Scope of Warranty. Contractor warrants that the Work and all of its components shall be free from defects and flaws in design, workmanship, and materials; shall strictly conform to the requirements of this Contract; and shall be fit, sufficient and suitable for the purposes expressed in, or reasonably inferred from, this Contract. The warranty herein expressed shall be in addition to any other warranties expressed in this Contract, or expressed or implied by law, which are hereby reserved unto Owner.
- B. Repairs; Extension of Warranty. Contractor shall, promptly and without charge, correct any failure to fulfill the above warranty that may be discovered or develop at any time within one year after Final Payment or such longer period as may be prescribed by law. The above warranty shall be extended automatically to cover all repaired and replacement parts and labor provided or performed under such warranty and Contractor's obligation to correct Work shall be extended for a period of one year from the date of such repair or replacement. The time period established in this Subsection 3.2B relates only to the specific obligation of Contractor to correct Work and shall not be construed to establish a period of limitation with respect to other obligations that Contractor has under this Contract.
- <u>C.</u> <u>Subcontractor and Supplier Warranties.</u> Whenever a subcontractor or supplier is required to provide a guaranty or warranty, Contractor shall be solely responsible for obtaining said guaranty or warranty in form satisfactory to Owner and assigning said warranty or guaranty to Owner. Acceptance of any assigned warranties or guaranties by

Owner shall be a precondition to Final Payment and shall not relieve Contractor of any of its guaranty or warranty obligations under this Contract.

# 3.3 Owner's Right to Correct

If, within two business days after Owner gives Contractor notice of any defect, damage, flaw, unsuitability, nonconformity, or failure to meet warranty subject to correction by Contractor pursuant to Section 3.1 or Section 3.2 of this Contract, Contractor neglects to make, or undertake with due diligence to make, the necessary corrections, then Owner shall be entitled to make, either with its own forces or with contract forces, the corrections and to recover from Contractor all resulting costs, expenses, losses, or damages, including attorneys' fees and administrative expenses.

# ARTICLE IV FINANCIAL ASSURANCES

# 4.1 Bonds

Contemporaneous with Contractor's execution of this Contract, Contractor shall provide a Performance Bond and a Labor and Material Payment Bond, on forms provided by, or otherwise acceptable to, Owner, from a surety company licensed to do business in the State of Illinois with a general rating of A minus and a financial size category of Class X or better in Best's Insurance Guide, each in the penal sum of the Contract Price ("Bonds"). Contractor shall, at all times while providing, performing, or completing the Work, including, without limitation, at all times while correcting any failure to meet warranty pursuant to Section 3.2 of this Contract, maintain and keep in force, at Contractor's expense, the Bonds required hereunder.

## 4.2 Insurance

Contemporaneous with Contractor's execution of this Contract, Contractor shall provide certificates and policies of insurance evidencing the minimum insurance coverages and limits set forth in Subsection 4.2A. below. For good cause shown, Owner may extend the time for submission of the required policies of insurance upon such terms, and with such assurances of complete and prompt performance, as Owner may impose in the exercise of its sole discretion. Such policies shall be in a form, and from companies, acceptable to Owner. Such insurance shall provide that no change, modification in, or cancellation of any insurance shall become effective until the expiration of 30 days after written notice thereof shall have been given by the insurance company to Owner. Contractor shall, at all times while providing, performing, or completing the Work, including, without limitation, at all times while correcting any failure to meet warranty pursuant to Section 3.2 of this Contract, maintain and keep in force, at Contractor's expense, the minimum insurance coverages and limits set forth in Subsection 4.2A. below.

A. <u>Minimum Coverages.</u> Unless otherwise provided in the Special Provisions of Contract, Contractor shall, prior to and at all times while providing,

performing, or completing the Work, procure, maintain, and keep in force, at Contractor's expense, at least the following minimum insurance coverages:

- 1. Workmen's Compensation: The Contractor is required to carry, with a company authorized under the laws of the State of Illinois, a policy for protection against liability under the Workman's Compensation and the Occupational Disease Statutes of the State of Illinois.
- 2. Comprehensive Motor Vehicle Liability Insurance: The Contractor shall carry a policy under a comprehensive for to insure the entire automobile liability for the operation with limits of not less than \$1,000,000 each accident for bodily injury and not less than \$1,000,000 each accident for property damage liability.
- 3. Comprehensive General Liability: The Contractor shall carry a comprehensive general liability policy for all operations with limits of not less than \$1,000,000 per claim, and not less than \$2,000,000 aggregate.
- 4. Excess Umbrella Liability: The Contractor shall carry an excess umbrella liability policy for all operations with limits of not less than \$5,000,000 per claim, and not less than \$5,000,000 aggregate.

All such insurance must include an endorsement whereby the insurer agrees to notify the Owner at least 30 days prior to non-renewal, reduction, or cancellation of any policy. The Contractor shall cease operations on the project if the insurance is cancelled or reduced below the required amount of coverage.

- B. Additional Coverages. The insurance coverages and limits required by Section 4.2.A. above shall be deemed to be minimum coverages and limits and shall not be construed in any way as a limitation on Contractor's duty to carry adequate insurance as required by section 4.2 above or on Contractor's liability for losses and damages under this Contract. Contractor shall at all times carry such additional coverages and limits as may be necessary to fully comply with this contract.
- <u>C.</u> <u>Subcontractor Insurance.</u> Unless otherwise provided in the Special Provisions of Contract or unless otherwise approved by Owner, Contractor shall not allow any Subcontractor to commence or continue any part of the Work until and unless such Subcontractor provides and has in force insurance coverages equal to those of Contractor by this Section.

# 4.3 Indemnification

Contractor shall indemnify, save harmless, and defend Owner against any and all lawsuits, claims, demands, damages, liabilities, losses, and expenses, including attorneys' fees and administrative expenses, that may arise, or be alleged to have arisen, out of or in connection with Contractor's performance of, or failure to perform, the Work or any part thereof, whether or not due or claimed to be due in whole or in part to the active, passive, or concurrent negligence or fault of Contractor, except to the extent caused by the sole negligence of Owner.

# ARTICLE V PAYMENT

## 5.1 Contract Price

Owner shall pay to Contractor, in accordance with and subject to the terms and conditions set forth in this Article V, and Contractor shall accept in full satisfaction for providing, performing, and completing the Work, a not-to-exceed amount of \$850,000.00 (the "Contract Price"), subject to any additions, deductions, or withholdings provided for in this Contract.

# 5.2 <u>Taxes and Benefits</u>

Owner is exempt from and shall not be responsible to pay, or reimburse Contractor for, any state or local sales, use, or excise taxes. The Contract Price includes all other applicable federal, state, and local taxes of every kind and nature applicable to the Work as well as all taxes, contributions, and premiums for unemployment insurance, old age or retirement benefits, pensions, annuities, or other similar benefits. All claim or right to claim additional compensation by reason of the payment of any such tax, contribution, or premium is hereby waived and released by Contractor.

## 5.3 **Progress Payments**

- A. <u>Payment in Installments.</u> The Contract Price shall be paid in installments on a monthly basis, pursuant to Pay Requests as set forth in subsection 5.3B. ("Progress Payments").
- B. Pay Requests. Contractor shall, as a condition precedent to its right to receive each Progress Payment, submit to Owner a pay request in the form provided by Owner ("Pay Request"). The first Pay Request shall be submitted not sooner than 30 days following commencement of the Work. Owner may, by written notice to Contractor, designate a specific day of each month on or before which Pay Requests must be submitted. Each Pay Request shall include (a) Contractor's certification of the value of, and partial or final waivers of lien covering, all Work for which payment is then requested and (b) Contractor's certification that all prior Progress Payments have been properly applied to the payment or reimbursement of the costs with respect to which they were paid.
- <u>C.</u> <u>Work Entire.</u> This Contract and the Work are entire and the Work as a whole is of the essence of this Contract. Notwithstanding any other provision of this

Contract, each and every part of this Contract and of the Work are interdependent and common to one another and to Owner's obligation to pay all or any part of the Contract Price or any other consideration for the Work. Any and all Progress Payments made pursuant to this Article are provided merely for the convenience of Contractor and for no other purpose.

# 5.4 Final Acceptance and Final Payment

- A. Notice of Completion. When the Work has been completed and is ready in all respects for acceptance by Owner, Contractor shall notify Owner and request a final inspection ("Notice of Completion"). Contractor's Notice of Completion shall be given sufficiently in advance of the Completion Date to allow for scheduling of the final inspection and for completion or correction before the Completion Date of any items identified by such inspection as being defective, damaged, flawed, unsuitable, nonconforming, incomplete, or otherwise not in full compliance with, or as required by or pursuant to, this Contract ("Punch List Work").
- B. Punch List and Final Acceptance. The Work shall be finally accepted when, and only when, the whole and all parts thereof shall have been completed to the satisfaction of Owner in full compliance with, and as required by or pursuant to, this Contract. Upon receipt of Contractor's Notice of Completion, Owner shall make a review of the Work and notify Contractor in writing of all Punch List Work, if any, to be completed or corrected. Following Contractor's completion or correction of all Punch List Work, Owner shall make another review of the Work and prepare and deliver to Contractor either a written notice of additional Punch List Work to be completed or corrected or a written notice of final acceptance of the Work ("Final Acceptance").
- Contractor shall submit to Owner a properly completed final Pay Request in the form provided by Owner ("Final Pay Request"). Owner shall pay to Contractor the balance of the Contract Price, after deducting therefrom all charges against Contractor as provided for in this Contract ("Final Payment"). Final Payment shall be made not later than 60 days after Owner approves the Final Pay Request. The acceptance by Contractor of Final Payment shall operate as a full and complete release of Owner of and from any and all lawsuits, claims, demands, damages, liabilities, losses, and expenses of, by, or to Contractor for anything done, furnished for, arising out of, relating to, or in connection with the Work.

#### 5.5 Liens

A. <u>Title.</u> Nothing in this Contract shall be construed as vesting in Contractor any right of property in any equipment, materials, supplies, and other items provided under this Contract after they have been installed in, incorporated into, attached to, or affixed to, the Work or the Work Site. All such equipment, materials, supplies, and other items shall, upon being so installed, incorporated, attached or affixed, become the property of Owner, but such title shall not release Contractor from its duty to insure and protect the Work in accordance with the requirements of this Contract.

- <u>B.</u> <u>Waivers of Lien.</u> Contractor shall, from time to time at Owner's request and in any event prior to Final Payment, furnish to Owner such receipts, releases, affidavits, certificates, and other evidence as may be necessary to establish, to the reasonable satisfaction of Owner, that no lien against the Work or the public funds held by Owner exists in favor of any person whatsoever for or by reason of any equipment, material, supplies, or other item furnished, labor performed, or other thing done in connection with the Work or this Contract ("Lien") and that no right to file any Lien exists in favor of any person whatsoever.
- C. Removal of Liens. If at any time any notice of any Lien is filed, then Contractor shall, promptly and without charge, discharge, remove, or otherwise dispose of such Lien. Until such discharge, removal, or disposition, Owner shall have the right to retain from any money payable hereunder an amount that Owner, in its sole judgment, deems necessary to satisfy such Lien and to pay the costs and expenses, including attorneys' fees and administrative expenses, of any actions brought in connection therewith or by reason thereof.
- D. Protection of Owner Only. This Section shall not operate to relieve Contractor's surety or sureties from any of their obligations under the Bonds, nor shall it be deemed to vest any right, interest, or entitlement in any subcontractor or supplier. Owner's retention of funds pursuant to this Section shall be deemed solely for the protection of its own interests pending removal of such Liens by Contractor, and Owner shall have no obligation to apply such funds to such removal but may, nevertheless, do so where Owner's interests would thereby be served.

## 5.6 Deductions

- A. Owner's Right to Withhold. Notwithstanding any other provision of this Contract and without prejudice to any of Owner's other rights or remedies, Owner shall have the right at any time or times, whether before or after approval of any Pay Request, to deduct and withhold from any Progress or Final Payment that may be or become due under this Contract such amount as may reasonably appear necessary to compensate Owner for any actual or prospective loss due to: (1) Work that is defective, damaged, flawed, unsuitable, nonconforming, or incomplete; (2) damage for which Contractor is liable under this Contract; (3) state or local sales, use, or excise taxes from which Owner is exempt; (4) Liens or claims of Lien regardless of merit; (5) claims of subcontractors, suppliers, or other persons regardless of merit; (6) delay in the progress or completion of the Work; (7) inability of Contractor to complete the Work; (8) failure of Contractor to properly complete or document any Pay Request; (9) any other failure of Contractor to perform any of its obligations under this Contract; or (1) the cost to Owner, including attorneys' fees and administrative costs, of correcting any of the aforesaid matters or exercising any one or more of Owner's remedies set forth in Section 6.3 of this Contract.
- B. <u>Use of Withheld Funds</u>. Owner shall be entitled to retain any and all amounts withheld pursuant to Subsection 5.6A above until Contractor shall have either performed the obligations in question or furnished security for such performance satisfactory to Owner. Owner shall be entitled to apply any money withheld or any other money due

Contractor under this Contract to reimburse itself for any and all costs, expenses, losses, damages, liabilities, suits, judgments, awards, attorneys' fees and administrative expenses incurred, suffered, or sustained by Owner and chargeable to Contractor under this Contract.

# ARTICLE VI DISPUTES AND REMEDIES

# 6.1 Dispute Resolution Procedure

A. Notice of Disputes and Objections. If Contractor disputes or objects to any requirement, direction, instruction, interpretation, determination, or decision of Owner, Contractor may notify Owner in writing of its dispute or objection and of the amount of any equitable adjustment to the Contract Price or Contract Time to which Contractor claims it will be entitled as a result thereof; provided, however, that Contractor shall, nevertheless, proceed without delay to perform the Work as required, directed, instructed, interpreted, determined, or decided by Owner, without regard to such dispute or objection. Unless Contractor so notifies Owner within two business days after receipt of such requirement, direction, instruction, interpretation, determination, or decision, Contractor shall be conclusively deemed to have waived all such disputes or objections and all claims based thereon.

B. Negotiation of Disputes and Objections. To avoid and settle without litigation any such dispute or objection, Owner and Contractor agree to engage in good faith negotiations. Within three business days after Owner's receipt of Contractor's written notice of dispute or objection, a conference between Owner and Contractor shall be held to resolve the dispute. Within three business days after the end of the conference, Owner shall render its final decision, in writing, to Contractor. If Contractor objects to the final decision of Owner, then it shall, within three business days, give Owner notice thereof and, in such notice, shall state its final demand for settlement of the dispute. Unless Contractor so notifies Owner, Contractor shall be conclusively deemed (1) to have agreed to and accepted Owner's final decision and (2) to have waived all claims based on such final decision.

## 6.2 Contractor's Remedies

If Owner fails or refuses to satisfy a final demand made by Contractor pursuant to Section 6.1 of this Contract, or to otherwise resolve the dispute which is the subject of such demand to the satisfaction of Contractor, within ten days following receipt of such demand, then Contractor shall be entitled to pursue such remedies, not inconsistent with the provisions of this Contract, as it may have in law or equity.

## 6.3 Owner's Remedies

If it should appear at any time prior to Final Payment that Contractor has failed or refused to prosecute, or has delayed in the prosecution of, the Work with diligence at a rate that assures completion of the Work in full compliance with the requirements of this Contract on or before the Completion Date, or has attempted to assign this Contract or Contractor's rights under this Contract, either in whole or in part, or has falsely made any

representation or warranty in this Contract, or has otherwise failed, refused, or delayed to perform or satisfy any other requirement of this Contract or has failed to pay its debts as they come due ("Event of Default"), and has failed to cure any such Event of Default within five business days after Contractor's receipt of written notice of such Event of Default, unless such cure period is extended by mutual agreement of the Parties, then Owner shall have the right, at its election and without prejudice to any other remedies provided by law or equity, to pursue any one or more of the following remedies:

- 1. Owner may require Contractor, within such reasonable time as may be fixed by Owner, to complete or correct all or any part of the Work that is defective, damaged, flawed, unsuitable, nonconforming, or incomplete; to remove from the Work Site any such Work; to accelerate all or any part of the Work; and to take any or all other action necessary to bring Contractor and the Work into strict compliance with this Contract.
- 2. Owner may perform or have performed all Work necessary for the accomplishment of the results stated in Paragraph 1 above and withhold or recover from Contractor all the cost and expense, including attorneys' fees and administrative costs, incurred by Owner in connection therewith.
- 3. Owner may accept the defective, damaged, flawed, unsuitable, nonconforming, incomplete, or dilatory Work or part thereof and make an equitable reduction in the Contract Price.
- 4. Owner may terminate this Contract without liability for further payment of amounts due or to become due under this Contract.
- 5. Owner may, without terminating this Contract, terminate Contractor's rights under this Contract and, for the purpose of completing or correcting the Work, evict Contractor and take possession of all equipment, materials, supplies, tools, appliances, plans, specifications, schedules, manuals, drawings, and other papers relating to the Work, whether at the Work Site or elsewhere, and either complete or correct the Work with its own forces or contracted forces, all at Contractor's expense.
- 6. Upon any termination of this Contract or of Contractor's rights under this Contract, and at Owner's

option exercised in writing, any or all subcontracts and supplier contracts of Contractor shall be deemed to be assigned to Owner without any further action being required, but Owner shall not thereby assume any obligation for payments due under such subcontracts and supplier contracts for any Work provided or performed prior to such assignment.

- Owner may withhold from any Progress Payment or Final Payment, whether or not previously approved, or may recover from Contractor, any and all costs, including attorneys' fees and administrative expenses, incurred by Owner as the result of any Event of Default or as a result of actions taken by Owner in response to any Event of Default.
- 8. Owner may recover any damages suffered by Owner.

# 6.4 Owner's Special Remedy for Delay

If the Work is not completed by Contractor, in full compliance with, and as required by or pursuant to, this Contract, within the Contract Time as such time may be extended by Change Order, then Owner may invoke its remedies under Section 6.3 of this Contract or may, in the exercise of its sole and absolute discretion, permit Contractor to complete the Work but charge to Contractor, and deduct from any Progress or Final Payments, whether or not previously approved, administrative expenses and costs for each day completion of the Work is delayed beyond the Completion Date, as well as any additional damages caused by such delay.

#### 6.5 Terminations and Suspensions Deemed for Convenience

Any termination or suspension of Contractor's rights under this Contract for an alleged default that is ultimately held unjustified shall automatically be deemed to be a termination or suspension for the convenience of Owner under Section 1.15 of this Contract.

# ARTICLE VII LEGAL RELATIONSHIPS AND REQUIREMENTS

## 7.1 Binding Effect

This Contract shall be binding upon Owner and Contractor and upon their respective heirs, executors, administrators, personal representatives, and permitted successors and assigns. Every reference in this Contract to a party shall also be deemed to be a reference to the authorized officers, employees, agents, and representatives of such party.

#### 7.2 Relationship of the Parties

Contractor shall act as an independent contractor in providing and performing the Work. Nothing in, nor done pursuant to, this Contract shall be construed (1) to create the relationship of principal and agent, partners, or joint venturers between Owner and Contractor or (2) except as provided in Paragraph 6.3(6) above, to create any relationship between Owner and any subcontractor or supplier of Contractor.

# 7.3 No Collusion/Prohibited Interests

Contractor hereby represents that the only persons, firms, or corporations interested in this Contract as principals are those disclosed to Owner prior to the execution of this Contract, and that this Contract is made without collusion with any other person, firm, or corporation. If at any time it shall be found that Contractor has, in procuring this Contract, colluded with any other person, firm, or corporation, then Contractor shall be liable to Owner for all loss or damage that Owner may suffer thereby, and this Contract shall, at Owner's option, be null and void.

Contractor hereby represents and warrants that neither Contractor nor any person affiliated with Contractor or that has an economic interest in Contractor or that has or will have an interest in the Work or will participate, in any manner whatsoever, in the Work is acting, directly or indirectly, for or on behalf of any person, group, entity or nation named by the United States Treasury Department as a Specially Designated National and Blocked Person, or for or on behalf of any person, group, entity or nation designated in Presidential Executive Order 13224 as a person who commits, threatens to commit, or supports terrorism, and neither Contractor nor any person affiliated with Contractor or that has an economic interest in Contractor or that has or will have an interest in the Work or will participate, in any manner whatsoever, in the Work is, directly or indirectly, engaged in, or facilitating, the Work on behalf of any such person, group, entity or nation.

#### 7.4 Assignment

Contractor shall not (1) assign this Contract in whole or in part, (2) assign any of Contractor's rights or obligations under this Contract, or (3) assign any payment due or to become due under this Contract without the prior express written approval of Owner, which approval may be withheld in the sole and unfettered discretion of Owner; provided, however, that Owner's prior written approval shall not be required for assignments of accounts, as defined in the Illinois Commercial Code, if to do so would violate Section 9-318 of the Illinois Commercial Code, 810 ILCS 5/9-318. Owner may assign this Contract, in whole or in part, or any or all of its rights or obligations under this Contract, without the consent of Contractor.

## 7.5 Confidential Information

All information supplied by Owner to Contractor for or in connection with this Contract or the Work shall be held confidential by Contractor and shall not, without the prior express written consent of Owner, be used for any purpose other than performance of the Work.

# 7.6 No Waiver

No examination, inspection, investigation, test, measurement, review, determination, decision, certificate, or approval by Owner, nor any order by Owner for the payment of money, nor any payment for, or use, occupancy, possession, or acceptance of, the whole or any part of the Work by Owner, nor any extension of time granted by Owner, nor any delay by Owner in exercising any right under this Contract, nor any other act or omission of Owner shall constitute or be deemed to be an acceptance of any defective, damaged, flawed, unsuitable, nonconforming or incomplete Work, equipment, materials, or supplies, nor operate to waive or otherwise diminish the effect of any warranty or representation made by Contractor; or of any requirement or provision of this Contract; or of any remedy, power, or right of Owner.

# 7.7 No Third Party Beneficiaries

No claim as a third party beneficiary under this Contract by any person, firm, or corporation other than Contractor shall be made or be valid against Owner.

By notice complying with the requirements of this Section, Owner and Contractor each shall have the right to change the address or addressee or both for all future notices to it, but no notice of a change of address shall be effective until actually received.

# 7.9 Governing Laws

This Contract and the rights of Owner and Contractor under this Contract shall be interpreted according to the internal laws, but not the conflict of laws rules, of the State of Illinois.

#### 7.10 Changes in Laws
