Village Administrator Memorandum 33-12

TO: President Rick Zirk
Board of Trustees

FROM: Ray Keller, Village Administrator *PK*

DATE: June 7, 2012

RE: Committee of the Whole Meeting – June 12, 2012

The following summary discusses the agenda items for the Committee of the Whole meeting scheduled for June 12, 2012:

1. CALL TO ORDER

2. ROLL CALL / ESTABLISH QUORUM

3. ITEMS FOR DISCUSSION

A. Clear Channel Outdoor Sign Request

A representative from Clear Channel Outdoor, a national outdoor advertising (billboard) company, will be present to introduce a proposal to replace an existing billboard in Gilberts with a LED/digital display billboard. Clear Channel owns and operates a traditional non-changing billboard set back about 25 feet from the south side of I-90, off of McCormack Road and approximately a quarter-mile east of Higgins Road, on property owned by Keith and Betsy Lima. Clear Channel proposes to replace the existing double-sided 672 square foot sign (14'x48') with digital displays, which would allow for changing messages, improved aesthetics and opportunities for community communications. The sign content would not blink, flash, scroll, fade or include motion video and the illumination would be comparable to the existing lighting.

However, the existing billboard is a legal nonconforming sign ("grandfathered"), as the Village Code currently prohibits billboards and off-premises advertising. The Code does not permit any changes or modifications to the existing sign, except to maintain what is currently there. To allow the change to a digital display, the Board would need to approve a sign variance, which would be specifically and uniquely applied to this sign. The Board may also consider changes to its sign code provisions should there be a desire to reexamine the Village's policy toward new or existing billboards.

No action is being requested at this time, as Clear Channel has not yet submitted a sign variance application. Clear Channel has requested the opportunity to introduce the topic and gauge the Board's interest in considering their request. If the Board is interested in exploring the request further, Staff request the Board's direction on questions and concerns to be addressed should Clear Channel submit a sign variance application.

B. Ordinance amending Village Code Title 6 “ Motor Vehicles & Traffic” to prohibit the on-street parking of motor homes and trailers

In response to recently raised concerns, Staff drafted an ordinance amending the Village Code to prohibit the parking of motor homes, coaches, trailers, boat trailers and similar vehicles on Village streets. The ordinance defines the affected vehicles using a reference to state statutes as the basis for the regulation. The ordinance, as it is drafted, would prohibit parking the affected vehicles on any public street at any time. The ordinance provides a mechanism for the Police Department to issue temporary 48-hour parking exceptions to allow residents to clean, load or unload their vehicles. The Village could impose a fine and/or tow an offending vehicle, should it be necessary to enforce the regulation.

Staff request the Board's direction on whether this ordinance satisfies the on-street parking issues that were previously raised. Staff can then amend the ordinance accordingly and prepare it for an upcoming Board meeting. Please contact me or Chief Steve Williams if you have any specific questions or concerns about on-street parking regulations or the ordinance.

C. Parks & Recreation Funding

Staff had previously provided information on a hypothetical \$672,000 budget that would provide staffing, capital improvements and maintenance for both new and redeveloped park facilities. The budget would need to be supported by a new property tax levy, which would require referendum approval, or an equivalent new funding source. Staff request the Board's direction on whether to change the assumptions behind the budget or levy concepts; to refine the information on the project elements, which would likely require outside technical assistance for building exhibits, updated plans, etc., or to explore other options that may be of interest to the Board.

D. Road Program Updates

Village Engineers from Baxter & Woodman will return to present an updated status report on the road program. Engineers and Staff identified eleven driveway approaches and/or culverts that will be fixed by the contractor or at the engineers' expense. Many of the drainage concerns raised by residents are to be addressed by the contractor as elements of their project punch list. Fixing these trouble spots will primarily entail adding dirt and reshaping ditches now holding water to reestablish positive drainage. The engineers are also assembling cost estimates for six possible structural improvements for drainage issues that cannot be easily solved by regrading the ditches. Staff will forward the estimates to the Board as soon as they are provided by the engineers.

4. STAFF REPORTS

Staff will provide any new updates at the meeting. Please contact me prior to the meeting if there are any specific topics to be discussed at the meeting.

5. BOARD OF TRUSTEES REPORTS

6. PRESIDENT'S REPORT

7. EXECUTIVE SESSION

Please contact me if you any questions about executive session topics.

8. ADJOURNMENT

**Village Board of Trustees
Committee of the Whole Meeting
Village of Gilberts
87 GALLIGAN ROAD,
GILBERTS, ILLINOIS 60136**

ORDER OF BUSINESS

1. CALL TO ORDER/PLEDGE OF ALLEGIANCE

2. ROLL CALL/ESTABLISH QUORUM

3. ITEMS FOR DISCUSSION

- A. Clear Channel Outdoor Sign Request
- B. Ordinance amending Village Code Title 6 "Motor Vehicles & Traffic" to prohibit the on-street parking of motor homes and trailers
- C. Parks & Recreation Funding
- D. Road Program Updates

4. STAFF REPORTS

5. BOARD OF TRUSTEES REPORTS

6. PRESIDENT'S REPORT

7. EXECUTIVE SESSION

A portion of the meeting will be closed to the Public, effective immediately as Permitted by 5 ILCS 120/2 (c) (1) to discuss the appointment, employment, compensation, discipline, performance, or dismissal of specific employees of the Village, and as permitted by 5 ILCS 102/2 (c) (11) to discuss litigation against, affecting, or on behalf of the Village which has been filed and is pending in a court or administrative tribunal of which is imminent and as permitted by 5 ILCS 120/2 (c) (21) to review and approve closed session minutes and as permitted by 5 ILCS 120/2 (c) 2 Collective negotiating matters.

8. ADJOURNMENT

AUDIENCE PARTICIPATION

Anyone indicating a desire to speak during Public Comments will be acknowledged by the Village President. Please state your name, address and topic when called upon to speak. All remarks are to be addressed to the Village President and Board of Trustees as a whole, not to any specific person(s). Interrogation of the Village Staff, Village President, Village Board or any of their comments will not be allowed at this time. Personal invectives against Village Staff or Elected Officials are not permitted.

To ensure that everyone who wishes to speak has the opportunity to do so, please limit your comments to five minutes. Additional time may be granted at the discretion of the Village President.

If you have written comments, please provide a copy to the Village President. If there are a number of individuals present to speak on the same topic, please designate a spokesperson that can summarize the issue.

Send
article

During Public Comments, the Village President, Trustees and Staff will listen to comments and will not engage in discussion. The Village President or Trustees may ask questions to better understand your concern, suggestion or request. Please direct any personnel concerns to the Village Administrator before or after the meeting.

"The Village of Gilberts complies with the Americans with Disabilities Act (ADA). For accessibility assistance, please contact the Village Clerk at the Village Hall, telephone number 874/428-2861." *Assistive services will be provided upon request.*

3A

10-5-1: PROHIBITED SIGNS:

The following signs are hereby expressly prohibited for erection, construction, repair, alteration, or relocation within the village, except as otherwise permitted in this title: (2006 Code § 16.6)

- A. A-Frame Or Sandwich Board Signs: A-frame or sandwich board and sidewalk or curb signs, except as a temporary sign, as provided in section 10-5-3 of this chapter. (2006 Code § 16.6.1)
- B. Banners, Pennants And Inflatable Signs: Banners, pennants, streamers, inflatable signs, balloons, and other gas filled figures, except as a temporary sign, as provided in section 10-5-3 of this chapter. (2006 Code § 16.6.2)
- * C. Billboards And Other Off Premises Signs: Billboards and other off premises signs, except as a temporary sign, as provided in section 10-5-3 of this chapter. (2006 Code § 16.6.3)
- D. Moving And Flashing Signs: Signs which flash, revolve, rotate, swing, undulate, or otherwise attract attention through the movement or flashing of parts, including automatic electronically controlled copy changes, or through the impression of movement or flashing, except for:
 - 1. That portion of those signs indicating the time and/or temperature and signs fully located within an enclosed building and are not observable from the exterior of such building; and
 - 2. Except as a temporary sign, as provided in section 10-5-3 of this chapter. (2006 Code § 16.6.4)
- E. Portable And Wheeled Signs: Portable and wheeled signs, except as a temporary sign, as provided in section 10-5-3 of this chapter. (2006 Code § 16.6.5)
- F. Projecting Signs: Signs which are attached or otherwise affixed to a building and project more than sixteen inches (16") beyond the wall surface of such building to which the sign is attached or otherwise affixed thereto. (2006 Code § 16.6.6)

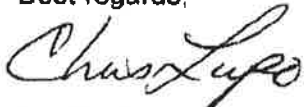

Additionally, as a whole, the community will benefit with timely...

- AMBER Alerts - This program is a voluntary partnership between law-enforcement agencies, broadcasters, transportation agencies, and the wireless industry, to activate an urgent bulletin in the most serious child-abduction cases. The goal of an AMBER Alert is to instantly galvanize the entire community to assist in the search for and the safe recovery of the child. About 94% of the children for whom AMBER Alerts are activated are safely rescued!
- FBI and Public Safety Notices – Digital signs are part of a nationwide partnering initiative which enables the FBI to highlight: violent criminals, kidnap victims, missing children, bank robbers, and more. The FBI currently has access to more than 2,500 digital signs in more than 40 states and through this initiative 39 arrests have been made!

Please know that these signs do not blink or flash and do not have full motion video. The signs do not fade in or scroll. We must adhere to the strict regulations set forth by the State of Illinois; essentially, there will be a "fixed static messages" that changes every 10 seconds with an immediate transition time between messages. Our signs are equipped with state of the art technology whereby the lighting levels of the sign will not increase by more than 0.3 foot candles over ambient levels; this is controlled with an external sensor that automatically adjusts to meet lighting needs, i.e. dims at night.

I would like to thank you for your time and consideration for this proposal. I hope to hear from you soon.

Best regards,

Christopher Lupo
773.843.2046 – direct

Cc: John Swedberg
Chief Building Inspector

June 6, 2012

Mr. Ray Keller
Village Administrator
Village of Gilberts
87 Galligan Rd
Gilberts, Illinois 60136

Dear Mr. Keller:

As mentioned yesterday, I represent Clear Channel Outdoor (CCO) and currently, our Chicago regional office is concentrating our efforts in upgrading our existing "traditional/static" signs to LED/digital signs. Due to time constraints of printing the advertising copy onto a vinyl, having it delivered, and scheduling it to be posted, the turnaround time to post new advertising copy on our static signs is 30-45 days. Upgrading our static signs to digital signs will allow CCO the ability to compete with other advertising mediums, i.e. print, TV, and radio, with the click of a mouse. This also helps our Green Initiative by lessening the number of old advertising vinyls ending up in landfills.

As you are aware, Clear Channel Outdoor owns and operates one of our signs at 16N155 McCormack Rd a.k.a. South side of I-90, 0.25mi. East of Hwy 72. It is both the desire of the landowner (Keith and Betsy Lima) and Clear Channel Outdoor to upgrade the existing back-to-back 14'x48' static sign to a digital sign. The sign has a 25' setback from the State's right of way.

Please know that the digital sign shall be much more aesthetically pleasing than the existing sign. Given that the advertising copy is changed remotely from our office and the sign is illuminated internally with LED technology, there is no need for the existing front catwalks and the goose neck light fixtures; these appurtenances shall be removed from the structure providing the structure with cleaner structural lines. Additionally, the digital component provides the sign with crisper advertising displays.

The digital structure also adds many benefits for the Village and the community that was not feasible before. The Village will now be provided with...

- Free space available advertising on the digital sign to promote Village sponsored events and other PSAs
 - Public Awareness
 - Village-Wide Garage Sale
 - Community Days
 - Promote the Village's green initiatives, i.e. recycling
 - Parades
 - Solicit additional business and development to Gilberts

What is a Digital Billboard (a.k.a multiple message sign)?

- Digital Billboards enable brands and merchants to expertly target their advertising messages.
- Digital billboards **DO NOT** having moving parts. Advertising copy "transitions" seamlessly with no additional movement.
- Digital Billboards do not emit excessive light. Light sensors can increase / decrease brightness based on time of day.
- Digital Billboards fit the requirements of existing State Changeable Message Copy regulations (change static advertising copy every 10 seconds, **NO full motion video images, or "flashing or blinking"**).
- A vehicle to serve the public good by providing greater coverage for Amber Alert, Homeland Security, Natural Disasters, etc.

List of Some Other Digital Sign Locations

Rolling Meadows	-	West side of Rte. 53, 0.3mi. South of NW Hwy
Elk Grove Village:	-	North Side of Rt. 72, 700' East of Elmhurst Rd
Glenview	-	East side of I-294, 600' South of Central
Lynwood	-	East side of I-394, 0.8mi. North of Rte. 30
Bolingbrook	-	South side of I-55, 1.1mi. West of I-355
Naperville	-	East side of Rte. 59, 670' South of Ferguson
Northlake	-	East side of I-294, 175' North of North Ave
Worth	-	West side of I-294, 150' South of 107 th St
Maywood	-	North side I-290, 145' West of 1 st Ave
Hodgkins	-	North side of I-55, 0.8mi. East of LaGrange Rd
Addison	-	East side of I-355, 64' North of Lake St
Northbrook	-	South side of I-94 (Edens Xwy), 0.5mi. West of Waukegan
Joliet	-	North side of I-80, 1.1mi. West of Larkin

DIGITAL BILLBOARDS

PUBLIC SAFETY

**35W BRIDGE COLLAPSED
AT DOWNTOWN MINNEAPOLIS
PLEASE USE ALTERNATE ROUTES**

HELPING COMMUNITIES

The marriage of digital technology with billboards is proving to be a boon for public safety and the communities in which they are located. These powerful tools are alerting drivers to look for a missing child. They provide emergency information to people when and where they need it. And they are helping the FBI and local law enforcement catch suspected criminals.

Digital billboards are updated in real time and provide images and information to people in ways no other media can. They are located in the places where they can be seen by hundreds of thousands of drivers, making them a tool of choice for public safety officials who have to get a message out *right now*.

Keep reading to see how digital billboards are being used to help communities, and what people are saying about this incredible new technology.

Watch: How digital billboards aid investigations.

For years we've prominently posted wanted fugitives and missing persons here on our website for all the world to see...and enlisted the help of the news media in spreading the word about them far and wide.

Still, when we were approached in 2007 by an exec from Clear Channel Outdoor who offered to provide space on their collection of digital billboards nationwide to help catch crooks and rescue kidnapped kids—as a public service—we jumped at the chance.

And why not. The exposures on the highways and byways of America's big cities delivers lots of eyeballs. And as our Public Affairs Assistant Director John Miller says, "These are not your father's billboards." That's right: they are digitized. And like a computer screen, they can be changed at a moment's notice—quite handy when time is of the essence and you're searching for that missing teen or dangerous felon.

And so, just over a year ago, we joined with Clear Channel in launching the digital billboard initiative in 20 cities across the country. Since then, we've added three more partners: Adams Outdoor, Lamar Advertising, and the Outdoor Advertising Association of Georgia. That gives us access to more than 1,000 digital billboards nationwide today.

So what has a year wrought? Most importantly, the billboards have led directly to the capture of at least 14 fugitives, plus many more indirectly through our overall publicity efforts. And all at essentially no cost to the American taxpayer.

AMBER ALERTS

Digital billboards are uniquely suited to provide assistance during the crucial first minutes when a child is abducted. In many cases, law enforcement has a description of the vehicle involved, in addition to a picture of the child. Outdoor advertising companies in cities across the United States post AMBER Alert information within minutes of an Alert being issued.

Law enforcement officials say the extra information provided by digital billboards is essential. While traditional, Department of Transportation-type roadside signs can only show words, digital billboards can show multiple pictures in addition to ways to report a possible sighting.

"We think these billboards will be a great asset to any community, certainly in El Paso by providing our community with information related to crises such as AMBER Alerts."

Chief Richard Wiles,
El Paso, TX
Police Department

EMERGENCY INFORMATION

When disaster strikes, timely notification often means saved lives. Digital billboards can provide crucial safety information to hundreds of thousands of people without their having to turn on a radio or a television. Well designated hurricane evacuation routes can be in place with a few clicks of a mouse. Detours can be posted in minutes.

When the I-35W bridge collapsed in Minneapolis, MN, digital billboards throughout the Minneapolis/St. Paul metropolitan area were telling drivers to avoid the bridge and seek alternate routes. This information let rescue personnel do their work without interference, and kept drivers away from a potentially life-threatening situation.

"When Senator Coleman and I landed, we're driving in to Minneapolis – and there were already billboards at 9:00 in the morning – actual billboards – telling people where to go for alternate routes."

Senator Amy Klobuchar (D-MN)

CATCHING CRIMINALS

Law enforcement personnel across the country are turning to digital billboards in increasing numbers to provide information to the public and help catch suspected criminals. The advantages provided by the format are numerous and unique.

Speed: Digital billboards are adaptable and fast, allowing law enforcement to have a suspect's picture in front of thousands of people almost as soon as they get the picture.

Location: In a criminal investigation, location is everything. Digital billboards can be used to publicize a search for a suspect or request information in the neighborhoods where a crime takes place. In Daytona Beach, FL, a suspect was arrested at a restaurant almost within site of a digital billboard after a tipster saw the board and the suspect in close proximity to each other.

"You can place them near the scene of the crime. You can place them near the scene of the problem. And as a result, the people viewing the billboard are going to be people who should have some familiarity with the problem."

Michael Mason, FBI

Range: When law enforcement needs to reach people across a broad area quickly, networked digital billboards are often the answer. The FBI is working with outdoor advertising companies to publicize its most wanted list in multiple cities at the same time. In the event of a search for a terror suspect, digital billboards from Los Angeles to Cleveland to Atlanta can be used to help protect the United States from attack.

AMBER ALERTS

The AMBER Plan is a voluntary partnership between law-enforcement agencies, media outlets, and transportation agencies to activate an urgent bulletin in the most serious child-abduction cases.

The AMBER Plan was created in 1997 as a powerful legacy to 9 year-old Amber Hagerman, a bright little girl who was kidnapped and murdered while riding her bicycle in Arlington, TX. The tragedy shocked and outraged the entire community. Residents contacted radio stations in the Dallas area and suggested they broadcast special "alerts" so they could help prevent such incidents in the future.

In response to the community's concern for the safety of local children, the Dallas / Ft. Worth Association of Radio Managers teamed up with local law enforcement agencies in northern Texas and developed this innovative early warning system to help find abducted children. Statistics show time is the enemy in child abductions.

The National Center for Missing and Exploited Children (NCMEC) is a private 501(c)(3) nonprofit organization which works in cooperation with the U.S. Department of Justice's (DOJ) Office of Juvenile Justice and Delinquency Prevention. NCMEC was established in 1984 as a public-private partnership to help find missing children and combat child sexual exploitation. It has assisted local law-enforcement agencies on more than 140,500 missing child cases (as of 5/1/2008), helping to reunite more than 122,500 children with their families.

The NCMEC, on behalf of the Department of Justice and law enforcement agencies nationwide, will forward AMBER Alert information to the outdoor advertising companies. The outdoor companies with digital technology will then post the AMBER Alert information on their digital signs. These alerts are geographically targeted to the area defined by law enforcement. As of May 1, 2008, about 94% of the children for whom AMBER Alert is activated are safely rescued.

Mr. John Scholl
Clear Channel Outdoor
4000 S. Morgan St.
Chicago, IL 60609

OCT 18 2010

Dear Mr. John Scholl:

I wanted to sincerely thank Clear Channel Outdoor for donating advertisement space for our Prescription Drug Take-Back Program in the Chicago area market. Thank you personally for overseeing this project and making it come to fruition. The September 25, 2010 event, which Clear Channel Outdoor advertised on our behalf, resulted in over 12,000 pounds of medications being turned in by Chicago area residents for safe destruction. The results were certainly directly attributed to Clear Channel Outdoor, which helped us reach an even wider spectrum of area residents.

Thank you for your generous support of this public service program. We were thrilled that not only did Clear Channel donate rotating advertisement for an entire week before the event, but also that Clear Channel had donated rotating space on a total of eight area electronic billboards.

This program enabled the Drug Enforcement Administration to remove unwanted, unused, and expired medications, some of which have a propensity for abuse, from the medicine cabinets of those that no longer needed the medications. Recent studies show that the majority of teens who abuse prescription drugs obtain them from the medicine cabinets of friends and relatives. Additionally, this program raised awareness about the dangers of prescription drug abuse, which causes more overdose deaths than cocaine and heroin combined. Nationwide over 121 tons of medications were collected for safe disposal during this one-day event.

We could not have had the exposure and great success in the Chicago area without Clear Channel carrying the message beyond our capacity.

Sincerely,

Jack Riley
Special Agent in Charge

Clear Channel Outdoor Testimonials

Jim McFarland – Community Partnerships Manager - Forest Preserve District of Will County

I would like to thank Clear Channel Outdoor for your partnership with the Forest Preserve District of Will County on the utilization of your digital billboard on I-80. With limited financial resources for advertising, we cannot thank you enough. At our event, we surveyed our attendees on how they heard of the event and many said it was through our billboard campaign.

Mike Brick – Development Director – Joliet Area Historical Museum

We cannot thank you enough for placing our Block Party Mania family-oriented event on the Clear Channel Outdoor Digital Billboard on Route 80 in Joliet, as it generated tremendous awareness for us and definitely had a positive impact on our overall turnout.

Mayor Henderson Yarbrough Sr. – Village of Maywood

Clear Channel has been a part of the Maywood area for at least 6 years and whenever we need to advertise an event for the village they have been effective and efficient in making this happen. Clear Channel has been an excellent resource to our area.

Lisa Pappas – Assistant Library Director – Plainfield Public Library

The Plainfield Library has been absolutely thrilled with what Clear Channel Outdoor has been able to offer. The free marketing space to the library has enabled us to promote our services in ways we could never afford. The community has taken notice as well and has told us how impressed they are. Our sincere thanks to Clear Channel for helping us elevate the Library to new height!

Amy De Boni – Community Relations Director – Village of Plainfield

Clear Channel has generously provided the Village and Police Department with free advertising space and design services to help us promote community events and public service campaigns. The local organizations are thrilled to have another outlet to promote their events at no cost and Clear Channel Outdoor has been easy to work with.

If you should have any questions, please feel free to contact Amy De Boni at (815) 439-4255

Clear Channel Outdoor Testimonials

State Representative Karen Yarbrough (7th District)

Thank you for displaying my Pink Tea and Child Support Enforcement Workshop events on the Clear

Channel Outdoor Digital Sign on the north side of I-290, just west of 1st Avenue in Maywood. I have heard many positive comments about it. Your contribution was very beneficial as you helped inform the public seeking breast cancer awareness and child support resources. Your efforts are appreciated!

Captain Carl Dobrich – Illinois State Police

I would like to thank Clear Channel Outdoor for the support and assistance you provided to the Illinois State Police with the Stacy Peterson investigation. The digital billboard media instilled in the public's eye the tremendous efforts being undertaken in the investigation. The advertisement has generated numerous calls which has aided with the investigation. Please convey to your staff our gratitude and appreciation for all your help!

Chad Weiler – Director of Business Operations – Village of Oak Lawn

I would like to thank Clear Channel Outdoor for this wonderful opportunity of promoting our "Fall on the Green Festival" on your digital signs, and creating a stronger relationship in our community. Our event was a success with the help of Clear Channel Outdoor.

Rebecca Barker – Marketing Manager – Joliet Visitors Bureau

I truly appreciate all the help from Clear Channel Outdoor promoting our community-oriented events on your digital billboard on I-80 and so do our partners!

If you have any questions, please feel free to contact Rebecca Barker at (815) 724-4462

**AN ORDINANCE AMENDING THE VILLAGE OF GILBERTS' CODE
TITLE 6 "MOTOR VEHICLES & TRAFFIC,"**

WHEREAS, from time to time the Village Board of Trustees of the Village of Gilberts reviews its Ordinances to determine if they are up to date to meet the changing conditions in the Village; and

WHEREAS, the Village Board of Trustees of the Village have determined that it is in the best interest of the welfare and safety of its citizens to amend the Village Code Title 6 "Motor Vehicles & Traffic" by adding a section limiting parking of motor homes, mobile homes, trailers, tractors, and buses on public rights of way to Section 6-4-5 "Parking in Residential Areas; and

WHEREAS, the President and Board of Trustees have determined that this Ordinance would serve and be in the best interest of the Village of Gilberts; and

THEREFORE, BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF GILBERTS, ILLINOIS, as follows:

Section 1. **Recitals.** The recitals set forth above are hereby incorporated into and made a part of this Ordinance as though set forth in this Section 1.

Section 2. **Amendment.** Title 6 entitled "Motor Vehicles & Traffic", Section 6-4-5 "Parking in Residential Areas" is hereby amended to add the following language (additions are identified as underlined):

2A. Except as permitted specifically below, it shall be unlawful to park or leave standing any motor home, trailer, boat trailer or boat and trailer, tractor, and or bus or a motor vehicle of the second division, defined in 625 Illinois Compiled Statutes 5/1-146, pertaining to motor vehicles, on any street except for the purpose of loading, unloading, or the delivery of material and then, in such case, for a period of time no longer than is necessary to load, unload and deliver such materials.

B. The village may, through its police department, issue permits upon application for temporary short term parking of vehicles which are the subject of this section. Such permits shall not exceed forty eight (48) hours in duration and shall be prominently displayed on the front windshield of said vehicle. No more than two (2) permits may be granted for the same vehicle during any twelve (12) month period.

C Any person violating this section shall be fined twenty five (\$25.00) and any such vehicle or trailer left parked on any village street for more than forty eight hours shall be considered to be in violation of this section and may be removed or towed pursuant to section 6-4-10 of this title.

Section 3. Severability. In the event a court of competent jurisdiction finds this Ordinance or any provision hereof to be invalid or unenforceable as applied, such finding shall not affect the validity of the remaining provisions of this Ordinance and the application thereof to the greatest extent permitted by law.

Section 4. Repeal and Savings Clause. All ordinances or parts of ordinances in conflict with this Ordinance are hereby repealed; provided, however, that nothing herein contained shall affect any rights, actions, or causes of action which shall have accrued to the Village of Gilberts prior to the effective date of this Ordinance.

Section 5. Effective Date. This Ordinance shall be in full force and effect from and after its approval in the manner provided by law.

PASSED BY ROLL CALL VOTE OF THE BOARD OF TRUSTEES of the Village of Gilberts, Kane County, Illinois, this _____ day of _____, 2012.

Subject: 2011 TAX EXTENSION

April 23, 2012

All Kane County Taxing Districts

I would like to thank all of you on your cooperation in the process of extending the Kane County real estate taxes.

At this time, for your convenience all tax extension reports are on the following website for the 2011 tax year:
<http://www.co.kane.il.us/coc/Tax/TaxExtension.asp>

If you have any questions regarding these reports, please contact Susan Ericson at 630/232-5965.

Here are a few **REMINDERS** for the coming tax year:

Done 5/15/2012
BUDGET: To be filed within thirty (30) days after passage. A Certificate of Budget (original signature, sealed with the districts seal or notarized) and the Estimated Revenues (original signature, sealed with the districts seal or notarized) must accompany the budget. *May 16th*

LEVY: To be file no later than the last Tuesday in December. A Tax Levy Certificate (original signature, sealed with the districts seal or notarized), the Truth in Taxation Certificate (original signature, sealed with the districts seal or notarized) and the Levy Summary sheet (e mailed to your district in August) must accompany the levy.

AUDIT AND FINANCIAL STATEMENT: To be file no later than the last Tuesday in December.

TREASURER'S REPORT: Now required to be filed with the Kane County Clerk and the County Treasurer.

ANNEXATIONS: All annexation/disconnection ordinances must be recorded at the Kane County Recorder's office as well as filed with the Kane County Clerk. It would be to your advantage to file with the County Clerk the same day you have the document recorded with the Kane County Recorder of Deeds. The ordinance filed with the Clerk must include two maps. Legal description must be in the contents of the ordinance.

Susan M. Ericson

Director of Tax Extension and Vital Records
Office of John A. Cunningham, Kane County Clerk

☎Office: (630) 232-5965

☎Fax: (630) 232-5488
